EXECUTIVE SUMMARY

1. The Project Implementation Unit (PIU) is implementing the Balakot Hydropower Project (BHPP) with the financial assistance from Asian Development Bank (ADB) and Asian Infrastructure Investment Bank (AIIB). The project will (i) improve energy security by increasing the clean energy share in the country's energy mix currently dominated by thermal power generation; (ii) boost the economy and promote revenue generating investments in the hydro-abundant Khyber Pakhtunkhwa Province; and (iii) build capacity and awareness on climate change impacts, adaptation and mitigation measures. The project has been divided into two sections for construction purposes; therefore, two (2) separate LARPs (section-wise) were prepared. The 1st Sectional LARP (Mouza Ghanool and Sangar) approved by ADB on dated July 27, 2022¹ and 2nd sectional LARP (Mouza Bela Sacha and Paras) was approved by ADB on dated November 29, 2022².

2. As per approved 1st sectional LARP's comprising Mouza Ghanool and Sangar, total acquired land is 848.40 kanal (106.05 acres) (including 168.2 kanal communal land) owned by 1,791 DPs. Similarly, total of 3,045 affected timber trees owned by 1,725 DPs, along with 876 affected fruit trees owned by 48 DPs. Additionally, the affected private 46 number of built-up properties owned by 40 DPs (only 25 DPs are physically relocated) and one (1) communal built-up-property (masjid) are affected in mouza of Sangar only. However, it is pertinent to mention that due to affected inheritance mutation of land owned by deceased DPs and inclusion of names of their legal heirs as additional DPs for same awarded amount and quantum of acquired land by the revenue department and after mutation additional 83 DPs (without double counting) have been added as legal heirs thus bringing the total number of lands affected 1,874 DPs and trees affected 89 DPs and there is no change in the overall amount. Additionally, total of 39 DPs is eligible for different admissible allowances in entire 1st sectional LARP.

3. As per approved 2nd sectional LARP's comprising Mouza Bela Sacha and Paras, total acquired land is 962.950 kanal (120.369 acres) (including 324.52 kanal communal land) owned by 1,766 DPs. Similarly, total of 9,189 affected timber trees owned by 1,457 DPs, along with 1,448 affected fruit trees owned by 118 DPs. Additionally, the affected private (residential and commercial) 410 number of built-up properties owned by 398 DPs (only 196 DPs are physically relocated) and two (2) communal built-up-properties (masjid), two (2) communal graveyard and five (5) public/government built-up properties are affected in mouza of Bela Sacha and Paras. However, it is pertinent to mention that due to affected inheritance mutation of land owned by deceased DPs and inclusion of names of their legal heirs as additional DPs for same awarded amount and quantum of acquired land by the revenue department and after mutation additional 55 DPs (without double counting) have been added as legal heirs thus bringing the total number of lands affected 1,821 DPs and trees affected 72 DPs and there is no change in the overall amount. Additionally, total of 286 DPs is eligible for different admissible allowances in entire 2nd sectional LARP.

4. Implementation of LARP's is monitored internally by the PIU and Internal Monitoring Reports are shared with ADB. This semi-annual internal monitoring report covering LARP's implementation progress for the period from July-December 2022 of BHP Project. The LARP's implementation process started since August 2, 2022 by the LAC office of revenue department of District Mansehra. The LARP implementation and monitoring constraints faced due to involvement of revenue department staff in flood affected areas and frequent transfer by the land revenue department staff

which caused delays in preparation of acquaintance roll (compensation payment book) and retrieval of compensation payment. In spite of encountered hurdles, exhaustive efforts have been continued by the PIU and PMC staff, who approached the remaining unpaid DPs, facilitated DPs in resolution of impediments as well as in processing of claims and documented the statements for DPs having legal and administrative impediments. The total of 3,248 in four (4) mouzas of the project, are impeded due to various reasons, i.e., 47 dispute/ court cases (the court preceding is due to their internal family dispute and after resolution by court they will receive their compensation amount), 91 DPs working abroad, 272 DPs of inheritance mutation issue, 1,242 DPs disinterested due to meager amount compensation, 4 DPs Juvenile/ lacking of computerized national identity card, 654 DPs out of city, and 938 DPs out of village. None of the DPs either paid or unpaid have been dislocated in entire mouzas of the project. PIU and PMC continuously coordinated and assisted the district revenue department/ LAC office at Mansehra to accelerate the disbursement of compensation and allowances process to all the unpaid DPs of all affected mouzas. Similarly, the staff of PIU/ PMC also mobilized and informed the unpaid DPs through their relatives and Nabardar of all mouzas to receive their compensation amount as soon as possible. All those unpaid DPs are documented under the Guidance Note on handling compensation cases with legal and administrative impediments of ADB annexed at **Annexure-1**. The sample copies of scanned impediments documents recorded are annexed at the end of this report as **Annexure-2**.

5. As per approved LARP total acquired land is 1811.35 kanal (226.419 acres) (including 492.72 (kanal) (61.59 acres) communal land) owned by total 3,557 DPs, similarly, total of 12,234 affected timber trees owned by 3,182 owners/ DPs, along with 2,324 affected fruit trees owned by 166 DPs. Additionally, the affected private 436 no. of residential & allied built-up property and commercial structures owned by 438 DPs (Only 221 DPs are physically relocated), five (5) communal built-up-property (masjid and graveyard) and five (5) public properties are affected in entire mouzas of BHP Project. However, it is pertinent to mention that due to affected inheritance mutation of land owned by deceased DPs and inclusion of names of their legal heirs as additional DPs for same awarded amount and quantum of acquired land by the revenue department and after mutation additional 138 DPs (without double counting) have been added as legal heirs thus bringing the total number of lands affected 3,695 DPs, while 161 DPs also added with 3,348 of timber and fruit affected trees and there is no change occurred in the overall amount and quantum of land and there are no additional vulnerable DPs after inheritance mutation in entire affected project areas under section-1 & 2. (For reference see **Table ES-1** below).

6. Similarly, as per approved LARPs (section-1 & 2) an amount of PKR 160.27 million (32.04 %) of total amount of land compensation payable PKR 500.25 million has been disbursed to 447 (12.1 %) out of total 3,695 DPs (3,557 DPs of approved LARPs and 138 DPs of inheritance mutation so far) for land of 482.1975 kanal (60.275 acres) (36.57 %) out of total 1318.63 kanal (164.83 acres) in all (4) mouza (under section-1 & 2) of BHP project. Accordingly, for trees compensation, 354 DPs (10.1 %) out of total 3,509 DPs (3,182 DPs of timber trees and 166 DPs of fruit trees as per approved LARP while added 156 DPs and 5 DPs of affected timber and fruit trees respectively of inheritance mutation so far) have been received an amount of PKR 31.67 (39 %) out of total 81.81 million. Moreover, affected built-up property compensation paid to DPs 438 (100 %) out of total 438 DPs with an amount of PKR 1395.838 (93 %) out of total PKR 1498.999 million in entire affected mouzas of BHP Project. Similarly, LAC (revenue department) and PIU supported by PMC is responsible for all types of payments of allowances such as severity, vulnerability, structure relocation, shifting for houses, shifting for commercial structures, transition, business moving assistance, house rent,

business allowance for 12 months, electricity and household dislocation (chulla) allowance. As per approved LARP's in the affected four (4) mouzas of the project, total of 325 DPs is eligible for different admissible allowances, out of the total 22 DPs have been paid for all their admissible allowances including dislocation (chulla) allowance and 6 DPs are paid for their vulnerability allowance only. The 297 unpaid DPs of allowances amounting PKR 476.318 million are undisbursed mainly because these DPs are out of village while already informed through their relatives and neighbors and soon will be received their due allowances once they return to the village. Hence, 28 out of total 325 DPs have been paid, amount of PKR 51.461 million (9.75 %) out of total PKR 527.78 million during reporting period and no further DPs are eligible in the remaining unpaid DPs of land compensation for any sorts of allowance in all (4) mouzas of the project. The unpaid DPs were impeded due to various reasons like dispute/ court cases, working abroad, out of city, inheritance mutation issue, disinterested due to meager compensation amount, and DPs out of village. Overall status of disbursement of LARP (land and non-land assets compensation and allowances) mouzas/ villages under each section have been given in subsequent chapter-4. A scanned copy of land and non-land assets compensation and allowance voucher (payment receipt) are annexed at **Annexure-3** The following summarized **Table ES-1** shown the paid and unpaid DPs and compensation amount under each category.

7. The field staff of PIU and PMC thoroughly supported the revenue department staff to expedite the disbursement of compensation to the DPs of all Mouzas of both sections. The field data for LARP (under section-1 & 2) are collected by PMC/ PIU field staff and prepared all the requisite documents about legal and administrative impediments of unpaid DPs. To accelerate the progress of disbursement of compensation, PMC and PIU staff conducted consultation meetings and awareness campaign to outreach the DPs and local community in the affected mouzas and such consultation meetings were recorded as an activity report. A scanned copy of recorded activity report is added as **Annexure-4**. The requested mouzas of Bela Sacha and Paras now claimed for clearance as all exhaustive efforts on part of PIU and PMC have been made. The additional measures undertaken by the project through an IVS (independent valuation study) to validate replacement rates after IVS

assessment and will be fulfill all gaps (increase/ decrease) to the DPs accordingly. The IVS has been mobilized since December 8, 2022. The IVS consultant will submit the inception report of entire project areas to PIU in the first week of January 2023 and it is expected that the IVS consultant will be submitted draft report in 1st quarter of 2023. However, all the DPs of affected mouzas already informed through Information brochure of LARP in Urdu language and consultation meeting during field visit of IVS (personnel) regarding the assessment of IVS. Therefore, the LARP implementation status under semi-annual internal monitoring report for July-December 2022 is prepared for confirming full implementation of LARP³ and seek clearance of mouzas Bela Sacha and Paras of Section-2. The IVS and LARP implementation in terms of compensation payment will run parallel towards the commencement of civil work and full implementation of LARP will be reached after IVS verification to cover any gaps if any to fulfilled.

8. The PIU is committed to complete the implementation process of LARP in the entire project affected mouzas. However, on the basis of LARP's implementation progress achieved during the reporting period (July-December 2022), the PIU requested the ERM to validate the compensation and allowances of paid DPs of mouzas Bela Sacha and Paras already shown in yellow colour available at table 4.6 in chapter-4 and documented all exhausted efforts to outreach unpaid DPs having legal and administrative impediments in mouzas Bela Sacha and Paras of 2nd sectional LARP till December 2022. The detail list/ scheme of paid and unpaid DPs of land, Trees and built-up property of mouzas Bela Sacha and Paras is available separately at **Annexure-13, 14, 15, 16, 17 and 18** respectively.

9. The findings of the LARPs (section-1 & 2) implementation SAIMR revealed that compensation payments of unpaid DPs are 3,248 in four (4) mouzas of the project, are impeded due to various reasons, i.e., 47 dispute/ court cases (the court preceding is due to their internal family dispute and after resolution by court they will receive their compensation amount), 91 DPs working abroad, 272 DPs of inheritance mutation issue, 1,242 DPs disinterested due to meager amount compensation, 4 DPs Juvenile/ lacking of computerized national identity card, 654 DPs out of city, and 938 DPs out of village. None of the DPs either paid or unpaid have been dislocated in entire mouzas of the project. Following summarize table of unpaid DPs under each category of each mouza under section-1 and 2 is presented below at **Table ES-3**.

³ Full implementation of LARP construe that the all-payable DPs have been fully compensated and payment of any differential amount assessed by IVS and unpaid DPs having impediments are approached and documented while the pending compensation costs are secured in the district treasury account to ensure unpaid DPs having impediments are paid their entitled compensation as and when they will approach after resolving their issues.

1 INTRODUCTION

1.1 Project Background

1. The Islamic Republic of Pakistan has received a loan for “Balakot Hydropower Project”, from Asian Development Bank (ADB) loan No. 4057 PAK and Asian Infrastructure Investment Bank (AIIB) loan No. 8397 with the cost of US\$ 665 Million including counterpart fund of US\$ 115 Million for entire BHP project. The project is executed by Energy and Power Department, Government of Khyber Pakhtunkhwa and implementing by Pakhtunkhwa Energy Development Organization (PEDO) through Project Implementation Unit (PIU). This is semi-annual internal monitoring report on LARP’s implementation for the period from July-December 2022 of BHP Project.
2. The Khyber Pakhtunkhwa Energy and Power Department (KPEPD) is the executing agency (EA) and Pakhtunkhwa Energy Development Organization (PEDO) is the implementing agency (IA). The project implementation unit (PIU) was established in May, 2019 at PEDO office, Peshawar to manage all the project activities associated with LARP. The PIU is headed by a Project Director responsible for execution and implementation of LARP and also to ensure the availability of funds for LARP’s implementation. The Project Director PIU, with the assistance of Deputy Director Social & Resettlement, Deputy Director Land Acquisition and other staff is responsible for the timely updating, implementation and monitoring of LAR activities.
3. BHP Project is classified as category “A” because the involuntary resettlement impact of ADB supported project are considered significant as more than 200 persons are experiencing major impact i.e., losing 10 % or more of their productive assets or physically relocated.

1.2 Project Objectives

4. The Balakot Hydropower Project aims to develop a 300 MW run-of-river hydropower scheme on the Kunhar River in Kaghan Valley, between Balakot and Kaghan, Manshera District of Khyber Pakhtunkhwa, Pakistan. The project is aligned with the carbon footprint reduced, and energy sector made more renewable, efficient and reliable. The Project has the following major objectives to achieve:
 - **Climate-resilient hydropower plant commissioned:** A 300 MW hydropower plant will be commissioned near Balakot City in Khyber Pakhtunkhwa Province;
 - **Capacity for climate change risk management in hydropower production enhanced:** Awareness will be developed among the communities with specific training for women and youth groups to serve as climate change leaders;
 - **Pakhtunkhwa Energy Development Organization’s revenues from indigenous resources increased.** PEDO will supply one-third of the electricity generated from the 300 MW hydropower plant to the Peshawar Electricity Supply Company and the rest to the National Transmission Dispatch Company Limited;
 - **Income-earning opportunities and skills for local communities increased.** During construction, the local population will benefit from job opportunities, commercial activities, and material supply. The project will generate more than 1,200 skilled and unskilled jobs for male and female workers, of which about 40% will be sourced locally.

1.3 Project LARP's Description

5. Resettlement Monitoring and Evaluation is an integral part of the social safeguard requirements (Involuntary Resettlement and Indigenous Peoples), including the land acquisition and resettlement (LAR) process covering the preparation, implementation and monitoring of Land Acquisition & Resettlement Plans (LARP). This is a requirement under ADB's Safeguard Policy Statement 2009 (SPS) and the corresponding loan and project agreements. The BHP project has been divided into two sections for construction purpose; therefore, two (2) separate LARPs (section-wise) were prepared for the entire project. The 1st sectional LARP⁴ (mouza Ghanool and Sangar) and 2nd sectional LARP⁵ (mouza Bela Sacha and Paras) was approved by ADB on dated July 27, 2022 and November 29, 2022 respectively. Therefore, this LARP's semi-annual internal monitoring report prepared for both sections and all affected mouzas under 1st and 2nd sectional LARP's. More information of the project sections, component of BHPP, mouza, acquired land affected (only) and number of DPs has been summarized below in **Table 1.1**.

2 INTERNAL MONITORING REPORT OF LARP IMPLEMENTATION

2.1 Internal Monitoring Requirements of LARPs

10. The LARP implementation is internally monitored by the safeguard's unit in PIU and an External Monitor is engaged to review and validate the monitoring progress and deliver external monitoring reports. Internal monitoring is conducted on semi-annual basis and this LARP implementation internal monitoring report for the period from 1st July 2022 to 31st December 2022 of BHP project covers both sectional LARPs. The progress of disbursement of land and non-land compensation remained low due to frequent transfer of revenue department staff and deployment of revenue staff in flood affected area during monitoring period. However, the compensation has been disbursed accordingly and the entire section under 2nd sectional LARP is now claimed for clearance through ERM's validation. The land and non-land affected owners compensated as per provisions of the approved LARP. In this LARP internal monitoring report areas of Mouzas Bela Sacha and Paras (under 2nd section) is claimed for clearance as all exhaustive efforts on part of PIU and PMC have been made during monitoring period of July-December 2022.

2.2 Objectives of the Internal Monitoring Report

11. This internal monitoring report presents the safeguards management progress achieved, coordination and consultations efforts carried out to mobilize and assist the DPs for receiving payment of compensation and redress their grievances. It summarizes the progress on following aspects:

- LAR issues and progress.
- Activities and actions for the compensation of payment to the DPs with which efforts were implemented by recording additional documentation as required under ADB's SPS 2009 guidance notes of handling of compensation cases with legal and administrative impediments.
- Community consultation and information dissemination activities performed for compensation disbursement.
- Updates on recording, and handling of grievances; and
- Employment (skilled/ un-skilled) data of DPs and local community who got opportunity in the construction work.

2.3 Monitoring Indicators

12. Specific monitoring benchmarks are based on the approved LARP and cover the following:

4 LARP IMPLEMENTATION PROGRESS REVIEW

4.1 LARP Implementation Progress in reporting period

16. As per approved LARPs, the compensation and admissible allowances for land and above land assets awarded under LAA 1894 was deposited in district treasury at disposal of land acquisition collector (LAC) assigned by the Land Revenue Department in the District Mansehra for completing land acquisition process and disbursement of awarded compensation and allowances. Disbursement of land and non-land compensation awarded under law commenced on August 2, 2022 for 1st sectional LARP and on August 23, 2022 for 2nd sectional LARP by the land acquisition collector in district revenue department. Similarly, all the admissible allowance mentioned below are also paid by LAC/ PIU supported by PMC. The field staff of PIU and PMC thoroughly supported the revenue department staff to expedite the disbursement of compensation and allowances to the DPs. The field data of the unpaid DPs of all mouzas under section-1 & 2 are collected by PIU/ PMC field staff and prepared all the requisite legal and administrative impediments of unpaid DPs. To accelerate the progress of disbursement of compensation PIU and PMC staff conducted consultation meetings in affected mouzas/ community level for DPs regarding to receive due compensation amount and also provided LARP's brochure (in urdu local language) distributed among the DPs. 4.2 Section and Mouza wise LARP's Implementation and Handing over of Sites

17. The PIU, in consultation with ADB project team adopted section and mouza wise LARP implementation approach to facilitate handing over of sections/ mouza for construction where implementation of LARP is completed and validated by the External Monitor in parallel with implementation of LARP in other sections/ mouza. Accordingly, resources were focused to complete disbursement of compensation and documented all unpaid DPs having impediments to confirm implementation of LARP in selected remaining sections/ (mouza) sites. As of now two (2) Mouzas under section-1 have been cleared and handed over to the contractor based on validation of LARP implementation by the external resettlement monitor (ERM) in 1st and 2nd external monitoring report (EMR) accepted and cleared by ADB.

18. The PIU and PMC staff during reporting period (July-December 2022), conducted continuous exhaustive efforts accomplished through the utilization of all sources to inform and mobilize all the unpaid DPs in the affected mouzas/ villages, to get compensation and allowances of their acquired land, affected trees and resolve their issue related to land or non-land. The overall detail of disbursement of compensation and allowances of each sectional LARPs during reporting period are presented as under.

4.3 Overall Summary of LARP Implementation in all Sections and Mouzas

19. Under the land award of section-11 of LAA 1894, acquaintance roll (DPs land/ trees/ built-up property compensation payment book) has been prepared for the entire affected land and non-land assets of each mouzas separately under section-1 & 2 by the LAC of land revenue

department of district Mansehra. According to “land award” a total of 1811.35 kanals (226.419 acres) of land (including 492.72 kanal (61.59 acres) communal land (The revenue department of Mansehra District, is working on the assessment/ compilation of communal land DPs and once it is completed, then the detail will be incorporated in the upcoming report.)) of 3,557 DPs/ owners have been acquired in four (4) mouzas Ghanool and Sangar under Section-1 and mouzas Bela Sacha and Paras under section-2 of the BHP project. All the “awarded amount” compensation of land, trees, built-up property and all the requisite amount for admissible allowances has been deposited in the district treasury department of District Mansehra by the Pakhtunkhwa Energy Development Organization (PEDO). As per award notification under section-11 of LAA 1894 and field verification none of the crops is existed in both mouzas (Ghanool and Sangar). However, it was erroneously reported in 1st sectional LARP. Similarly, no cropping area is existed in both the mouza of Bela Sacha and Paras under 2nd sectional LARP as per award notification and physical verification. Moreover, it is also not mentioned in the approved 2nd sectional LARP. The tables 4.1 and 4.2 below indicates that during reporting period from July-December 2022, an amount of PKR 160.27 million (32.04 %) of total amount of land compensation payable PKR 500.25 million has been disbursed to 447 (12.1 %) out of total 3,695 DPs for acquired land of 482.1975 kanal (60.275 acres) (36.57 %) out of total 1318.63 kanal (164.83 acres) in all (4) mouza (under section-1 & 2) of BHP project. Similarly, 354 (10.1 %) out of total 3,509 DPs of trees affected have been received an amount of PKR 31.67 (39 %) out of total PKR 81.81 million of trees compensation. It is pertinent to mention that due to additional DPs for same awarded amount and quantum of acquired land after mutation 138 DPs have been added as legal heirs thus bringing the total number of lands affected 3,557 DPs and 161 DPs added with 3,348 trees affected DPs and there is no change in the overall amount. Moreover, affected built-up property compensation paid to DPs 438 (100 %) out of total 438 DPs with an amount of PKR 1395.838 (93 %) out of total PKR 1498.999 million in entire affected mouzas of BHP Project. Additionally, there is no new DPs eligible for vulnerability allowance amongst the additional DPs. Based on the available additional DPs due to inheritance mutation there is no vulnerable DPs found after the assessment of their income analysis/ investigation. However, the process of inheritance mutation not yet completed by revenue department. For comparative analysis, section and mouza wise summary of compensation, disbursement for LAR impacts, (land, trees and built-up property) and progress of payments achieved during reporting period (July-December 2022) are presented in the below **Table 4.1, Table 4.2, Table 4.3 & Table 4.4.**

The section and mouza wise detail of awarded fruit and non-fruit trees compensation amount, no. of DPs, progress of disbursement and its percentage is presented below in **Table 4.3**.

During the reporting period (July-December 2022), till now PKR 1395.838 (93 %) out of total 1498.999 million compensation amount of built-up property has been disbursed to 438 (100 %) out of total 438 DPs in entire mouzas of BHP Project. All DPs of built-up property have been paid only communal and public built-up property amount is undisbursed. The undisbursed compensation amount of communal private and public built-up property is secured in the district treasury account to ensure payment as and when unpaid DPs/ public department will show-up with valid claim documents after completing the required documentation. As per LARPs total of 197 graves (19 in mouza sangar and 178 graves in mouza Paras) are affected due to project. The PIU has transferred all the requisite amount regarding graves management in the district treasury of district Mansehra. However, the negotiation is going on with local community regarding the shifting/ plastered of graves and it is expected to be decided soon and detail description on status of such negotiations will be reported in upcoming report. Similarly, as per award notification under section-11 of LAA 1894 and physical verification by PIU and PMC no other Masjid is existed in the mouza of Sangar. The section and mouza wise category of built-up properties awarded built-up compensation amount, no. of DPs, progress of disbursement and its percentage is presented below in **Table 4.4**.

4.3.2.1 Restoration of Built-up Property

22. According to the DPs of affected built-up property, that they will restore/ reconstruct by their own choice or in another parcel of their own land through the received compensation amount along with other admissible allowances (dislocation/ chula allowance which is equivalent to PKR 2.0 million for each dislocated household) of their affected structures and also reused the affected structure salvaged building materials. **Furthermore, the project has impact on the built-up properties (public and community structures). 4.3.3 Pending Payment of Land Compensation

23. The findings of the LARPs implementation semi-annual internal monitoring report revealed that left over land payments are impeded due to the following legal and administrative impediments for which required additional documents are recorded following templates provided in the ADB's guidance notes annexed at **Annexure-1**, on handling of compensation cases having legal and administrative impediments. The undisbursed compensation amount for acquired land and non-land is already deposited and secured in district treasury for payment to the unpaid DPs having legal/ administrative impediment, as and when they will show-up with valid claim documents after resolving their issues/ impediments. The additional documents recorded for unpaid DPs having impediments in all four (4) mouzas of the project. A scanned sample copies of impeded cases are added at the end of report as **Annexure-2**.

- i. **Stay Order by Civil Court:** The land owners/ DPs (47 DPs having PKR 14.95 million amounts identified so far) have filed their reference and title disputes in the courts that have not been resolved yet. The compensation amount could not be paid to them until land compensation and/ title issues are resolved/ decided by the competent revenue authorities/ courts. Summary of unpaid litigating number of DPs in each mouza under section-1 and 2 is presented in below **Table 4.5**.
- ii. **DPs working Abroad:** As per LAA 1894, DPs have to submit their claims supported with valid title documents and receive compensation voucher/ cheque in person after due verification of their documents and record. The staff of PIU regularly contacted their relatives to pursue them for advising the DPs to come and get the compensation or nominating his attorney by issuing a valid power of attorney to collect awarded compensation amount on behalf of the unpaid DP. Currently, total of 91 DPs (No co-owner existed) having land compensation amount PKR 14.95 million are identified who have been working abroad. These DPs will be paid either if they show up personally, or provide a valid power of attorney. The unpaid number of DPs of each affected mouzas living/ working abroad is presented in below **Table 4.5**.
- iii. **Inheritance Mutation Issues:** The land owners (272 DPs amounting PKR 37.26 million so far identified) have passed away which requires mutation of land to the legal heirs. Payments of compensation to legal heirs will be made after mutation of land is affected by the district revenue authority. For this purpose, PIU staff thoroughly supporting the revenue staff and mobilizing known legal heirs to speed up the mutation process for DPs. After inheritance mutation in land record, all heirs of deceased DPs will receive entitled compensation as per their inherited share. However, the cases of DPs with pending mutation have been documented for all mouzas of project following the Guidance Note on

handling compensation cases with legal and administrative impediments of ADB annexed at **Annexure-1**. Inheritance mutation number of DPs of each mouzas is presented in below **Table 4.5**.

- iv. **Awarded Meager⁶ Compensation Amount:** A total of 1,242 unpaid DPs are entitled to awarded compensation amount less than PKR 5000. Total sum of meager compensation amount is PKR 1.69 million that have not yet been disbursed because DPs are not inclined to get valid title documents and submit claims. As procedural requirement, DPs have to get the land title documents from land record office, open bank account and appear in person before the LAC and District Accounts Office for verification and receive compensation vouchers and cheques. No mechanism available to make cash compensation to DPs in the revenue department/ LAC at district Mansehra. Due to cumbersome procedural requirements for receiving such a small amount of compensation, DPs are reluctant to open bank account as the amount required for opening of bank account is much more than the entitled compensation amount. Meetings and discussion regarding meager amount have been conducted with District Administration/ LAC of District Mansehra, and disagreed on cash compensation or other alternate arrangement (joint account) as law does not permit them and also fear of NAB and auditor general of Pakistan. The unpaid meager compensation amount of land, and total number of unpaid DPs of meager amount of each mouzas is presented in below **Table 4.5**.
- v. **DPs Juvenile (under the age of 18):** Currently a total of 4 APs having compensation amount PKR 0.007 million are juvenile and lack Computerized National Identity Card (CNIC) (so far) in all mouzas of the project. Such Juvenile DPs can be paid either through their guardian, provided guardianship certificate issued by a competent court is produced or when the juvenile DPs gets his CNIC after becoming 18 years old. Accordingly, statements of natural guardians will be documented in accordance with given template in ADB's guidance note. The unpaid juvenile DPs of each mouzas is presented in **Table 4.5** below.
- vi. **DPs having Communal Land:** As per revenue record and LAR implementation shows that 492.72 kanal of communal land amounting PKR 67.45 million are unpaid due to communal/ joint compensation amount and not viable to disburse among all the DPs. Under the record of revenue department, the total DPs are not yet identified and the disbursement of compensation is possible until the exact number of DPs under this category is identified/ communicated by the revenue department. Therefore, as and when they all are available then all the compensation amount will be disbursed accordingly. Hence, it will take time to disburse as and when all the DPs are identified and are available to receive their due compensation amount from the revenue department. Therefore, the only procedure is the availability of the DPs and then all the compensation will be disbursed accordingly.
- vii. **DPs Out of City:** As per available revenue record 654 DPs identified having land compensation amount PKR 173.06 million have been migrated/ out of city in Pakistan for better work opportunities. Even though they all were informed by their relatives regarding compensation to collect due compensation amount but neither they are showing up in person nor nominating attorneys for collecting compensation on their behalf. Out of city

⁶ Compensation amounts up to Rs.5000 is defined as meager amount and it is likely most of the DPs in this category may lack interest in claiming compensation following prevalent payment mode under LAA 1894.

unpaid DPs are documented and their record maintained as per ADB guidance note and summery of all mouzas shown in below **Table 4.5**.

- viii. **DPs Out of Village:** As per available approved LARP, 938 DPs identified having land compensation amount PKR 98.47 million in all affected mouzas of the project, who were neither known by their respective mouza inhabitants and revenue staff nor their where about are known, so these DPs and their current places of residence are not known. The out of village unpaid DPs of all four (4) mouzas are presented in **Table 4.5** below.

4.3.5 Section and Mouza (village) wise Hydropower Component and Acquired Land for Clearance of BHP Project

25. The PIU is committed to complete the implementation process of LARP in the entire project. On the basis of approved LARP's implementation progress achieved in the reporting period the PIU confirms that all payable DPs have been fully paid as per LARP's provision and there is no unpaid DP left without a valid legal and administrative impediment. The undisbursed compensation amount for acquired land is already deposited and secured in district treasury for payment to the unpaid DPs having legal/ administrative impediment as and when they will show-up with valid claim documents after resolving their issues/ impediments. The Mouzas (village) under section-1 presented in gray and green colours have been handed over to contractor upon the ERM's validation of LARP's implementation in 1st (December 23, 2022) and 2nd (December 27, 2022) EMRs approved by ADB. The mouzas (village) under section-2 presented in yellow colour have now been claimed for clearance and ready for ERM's validation. Therefore, it is confirmed that the LARP is fully implemented in the mouza of Bela Sacha and Paras under section-2. Additionally, the IVS (already mobilized) and LARP implementation in terms of compensation payment will run simultaneously towards the commencement of civil work and full implementation of LARP. Based on achieved progress LARP implementation status is presented at glance in Table 4.7.

		Mouza's under section-1 in green colour which had been cleared and allowed for construction based on ERM's validation of LARP's implementation provided in 2 nd EMR.						
		On the basis of LARP implementation progress achieved during the reporting period of semi-annual internal monitoring period (July-December 2022), the PIU requested the ERM to validate the implementation of LARP (compensation paid and DPs having legal and administrative impediments documented adequately) for Mouza's under Section-2 shown in yellow colour.						

26. Accordingly, the PIU has requested the External Resettlement Monitor (ERM) to review and validate the compensation and allowances for all payable DPs in mouza shown in yellow colour have been fully paid, DPs having legal/ administrative impediments have been adequately

documented following templates provided in ADB's guidance notes; and diligent efforts were exhausted to outreach and facilitate unpaid DPs of mouza Bela Sacha and Paras till December 2022.

27. Further the PIU confirms that unpaid compensation is secured in district treasury and unpaid DPs having legal/ administrative impediments have been fully informed about processing and payment of their claims as and when they show-up, therefor it is understood that there will be no risks for complaints and/or litigation because of non-provision of entitled compensation before handing over the mouza/ section to the contractor. Therefore, the LARP implementation status under semi-annual internal monitoring report for July-December 2022 is prepared for confirming full implementation of LARP⁷ and seek proposed clearance of mouza Bela Sacha and Paras under section-2 of BHP project.

⁷ Full implementation of LARP construe that the all-payable DPs have been fully compensated and payment of any differential amount assessed by IVS and unpaid DPs having impediments are approached and documented while the pending compensation costs are secured in the district treasury to ensure unpaid DPs having impediments are paid their entitled compensation as and when they approach after resolving their issues.

5 LARP IMPLEMENTATION MONITORING SET-UP

5.1 LARP Implementation Monitoring Set-up

28. Project Implementation Unit (PIU) has been established for implementation of Balakot Hydropower Project (BHPP) at Balakot, District Mansehra. The PIU is headed by the Project Director (PD) who is responsible for execution and implementation of BHP project. Implementation and monitoring of LARP's in manner consistent with the project loan covenants and ADB's SPS 2009 provision is the key requirement for handing over of the sites to contractor and to proceeds on physical works at site.
29. Therefore, for smooth and efficient implementation of LARPs, a safeguard management set-up at PIU was put in place as a focal unit for LARP implementation; maintaining updated LARP data about DPs with respect to compensation, entitlements and payment record, facilitate consultation meetings with stakeholders including DPs, project executors and district land revenue authorities; track and monitor day to day implementation progress and prepare periodic monitoring reports; maintaining a log of complaints received and redressed and facilitate project grievance redress committees to review and resolving the complainants. The safeguards set-up is headed by the Deputy Director Social & Resettlement who is supported by a team of experts and filed staff including, Deputy Director Land Acquisition, Deputy Director Health, Safety, Environment & Gender and Patwaris (revenue record keeper).
30. Similarly, the LARP's implementation is also monitored externally through engagement of an external resettlement monitor (ERM) by PIU. The objective of resettlement monitoring is to validate implementation of LARP, payment of compensation to DPs and livelihood restoration support and ensure safeguards monitoring compliance during implementation as per ADB's SPS 2009 guideline.

5.2 Exhaustive Efforts

31. Since, start of LARP's implementation on dated August 2, 2022, the PIU of BHP through its safeguards management set-up, is closely coordinating with the land acquisition collector and the district land revenue offices to facilitate them in timely completion of land acquisition process, processing and payment of compensation to the DPs and ensure LARP is fully implemented before handing over of the sites to contractor for construction. Meanwhile the safeguards team headed by the Deputy Director Social and Resettlement has maintained a close liaison with the affected person and local communities in the project affected villages to disclose LARP related information and facilitate DPs in accessing requisite valid claim documents i.e., getting their land titled documents from land revenue offices and CNICs issued, opening of bank accounts and processing and payment of compensation. With coordinated efforts the land and non-land compensation has reached to a reasonably good percentage in mouza Bela Sacha and Paras under section-2 of the BHP project by the office of the land acquisition collector.
32. No doubt LARP implementation is a long, time consuming and challenging process, yet all possible exhaustive efforts to expedite the LARP's implementation process has been taken by the concerned project staff. Based on achieved compensation payment progress explained in previous sections, it is perceived and confirmed that all payable DPs have been compensated for their acquired land and assets while the left-over unpaid DPs are those who have valid legal/ administrative impediments. All such DPs have been approached and informed that the

compensation amount has been secured in the district treasury account for payment to them as and when they will show-up with valid claim documents after resolving their issues. In addition to above, following Guidance Note on handling compensation cases with legal and administrative impediments of ADB is annexed at **Annexure-1** on handling of compensation cases having legal and administrative impediment, all accessible DPs were approached and additional documents as needed have been recorded and maintained during the monitoring period by the safeguards team of PIU and PMC of BHPP. The efforts ensured by the PIU safeguards team for information dissemination and ensure participation of affected communities and in line government departments in smooth implementation of LARP's are summarized in sub-sections below.

5.3 Community Consultations/ Meetings

33. In order to expedite the LARP implementation process, PIU along with PMC staff has undertaken various consultation meetings with DPs in each mouza of the project area. Mostly, the women of affected mouzas were informed through consultation meetings with their male household member to receive their due compensation amount from the revenue department. Also, wide publicity through print and electronic media and announcement in local mosque (masjids) along with installation of banners and LARP's information brochure in the affected mouzas of the project. However, now the Deputy Director Health, Safety, Environment and Gender of PIU has initiated the consultation meetings with the women of the affected mouzas and will be reported in forthcoming report. Below **Table 5.1** shows the number of meetings along with participants in sections/ mouzas under BHPP.

5.3.1 Issues/ Concerns during Consultation Meetings with DPs

34. During consultation meetings with DPs, issues concerns and their responses are given below in the **Table 5.2** and their attendance sheets & consultation activity report at **Annexure-4**.

Table 5.2: Issues/ Concerns of DPs and Response from the project team

S. No.	Summary of Issues/ Concerns	Response from the PIU/ PMC
1.	Most of DP's questions related to land, timber trees and built-up properties estimated rates as they were not agreed with DC rates and demanded increase at maximum level of affected assets.	PMC and PIU staff properly responded to each query of the DPs and clearly communicated that accept the DC rates at this stage and later on an IVS valuation will be arranged for the re-additional measures by the project to overcome the gaps (if any) in land and non-land assets.

S. No.	Summary of Issues/ Concerns	Response from the PIU/ PMC
2.	Enquired about the employment opportunities to the local DPs during construction phase.	Replied- that during construction phase all affected DPs on need based and according to their skill level they will be employed for short/ long term during construction of project and even to develop their own capacity building through skill development program as and when established at site.
3.	Issue related to inheritance mutation and meager compensation amount causing delay in payment of compensation.	To facilitate the DPs the PIU/ PMC regularly coordinated and requested the revenue department to facilitate DPs for recording inheritance mutation in record, however, the legal heirs of the DPs will have to submit request for mutation and follow the procedures under law. The compensation payment could only be paid when legal heirs of deceased DPs can submit their claims with valid title after inheritance mutations of land. All the inheritance mutation cases in mouzas have recorded according to the SPS guideline notes of ADB.
4.	DPs residing out of city, village, working abroad.	Most of the unpaid DPs in affected mouza are residing out of city, some are working abroad. All such DPs addresses and contact numbers (if available) are gathered through village headmen/ notable (malik/ patwari) persons and their relatives in the mouza, but in some cases local community lacks addresses and contact numbers of those DPs migrated since long time. All those DPs have documented through the malik/ patwari in all mouzas of project.

5.4 Coordination Meetings with District Revenue Officials

35. The DC Mansehra office has been regularly contacted during reporting period for the required information and documentation such as the; issuance of award notification and preparation of acquaintance roll (compensation payment book of DPs) under section-11 of affected mouza, disbursement of land and non-land compensation, meager compensation amount and all other issues related to DPs including inheritance mutation and compensation and all admissible allowances payment. Summary of meetings conducted with Deputy Commissioner Mansehra and other district administration officials is given in **Table 5.3** below.

Table 5.3: Summary of Coordination Meetings with District Administration

5.5 Dissemination of LARP related Information⁸

36. In order to expedite the LARP implementation process, Project Implementation Unit (PIU) has disseminated LARP's related information to all concerned DPs which include but not limited to; Installation of 30-banners at public offices such as AC/ Tehsildar's offices Balakot, service delivery center at Balakot and other public places like Masjids and Jamia Masjids of affected mouzas in the project area. During the exhaustive efforts, the PIU produced information related to LARP's implementation through print media i.e., local and national newspapers for awareness of public to receive their compensation. Various posters and flip charts have been displayed showing salient features of BHP Project. The safeguard team of PIU and PMC disseminated the LARP information brochure through community meetings, and interaction with DPs at revenue department tehsil Balakot and other prominent places in each mouza of the project. Moreover, PIU has made announcements through loud speakers on regular basis for the information of DPs regarding their compensations. Awareness among the DPs regarding LARP's has been created through social media link available at **Annexure-6**. The PIU staff along with the revenue department staff is frequently visiting the mouza's under section-1 and 2 for the purpose of disbursements of compensation and allowances.

6 PROJECT IMPACT ON WOMEN MOBILITY AND PRIVACY

37. During LAR implementation stage, there is no major impact recorded regarding women mobility and privacy in the project area due to project activities in the reporting period. The major activity is the information dissemination and facilitation by PIU/ PMC social team to disseminate the project LARP's information among the affected household and communities in the affected mouzas of the project. They were also informed regarding opening of bank account, preparation of valid CNIC (computerized national identity card) for receiving compensation amount smoothly against their affected land and non-land assets. The women of affected mouzas were informed through consultation meetings of their male household member to receive their due compensation amount from the revenue department. Also, wide publicity through print and electronic media and announcement in local Masjid (mosque) along with installation of banners and distribution of LARP's information brochure in the affected mouzas of the project. The gender action plan (GAP) implemented in accordance with its terms under each output. Under the LARP's implementation the compensation and allowance have been provided to the eligible women DPs. The other outputs of GAP are linked with LRP implementation through the consultant NGO. All such activities of GAP will be implemented after mobilization of consultant NGO. The expected date of NGO mobilization is March 2023.

6.1 Gender Issues/ analysis in LARP's Implementation

38. During reporting period, there is no major impact recorded regarding gender issues particularly regarding women in disbursement of compensation and allowances. The LARP also identified the women DPs in terms of the loss of their assets. Like, male DPs the women are also receiving their payment, the PIU and PMC staff thoroughly facilitating the women in resolving their issues related to compensation/ allowances payment at district revenue office. The field staff regularly conducting consultation meetings with the women DPs to keep them update about the project, their compensation payment and addressing their issue if arise during disbursement. During the reporting period one (1) consultations meeting/ session were held in which 13 women participated. Attendance sheets of the consultation's meeting session is attached at **Annexure-4**.

7 LIVELIHOOD SUPPORT INTERVENTION MEASURE

7.1 Long-Term Project Based Employment

39. Under the output-4 of the project PAM, aimed to Income-earning opportunities and skills for local communities increased; relevant training facilitation support under the livelihood restoration plan (LRP) through engagement of non-government organization (NGO) will be provided i.e., Training on agriculture production, livestock rearing, beekeeping, fish farming and linkages with micro-finance institution, to the DPs or as per the local requirements particularly unemployed youths covering both men and women for relevant skill improvement/ capacity building to reduce impact on their livelihood. The engagement of NGO's (non-government organization) is under process and expected to be mobilize in March 2023 in the affected project areas. Once mobilized, NGO will conduct another round of consultations and livelihood assessment to upgrade the draft LRP into an implementation -ready level and implement thereof.
40. Furthermore, as per draft LRP, it is planned that livelihood skill development center for women for skill development/ capacity building will be established to cater short and long-term employment opportunities to the local affected person/ DPs. The livelihood skill development center for women will be established by NGO as per approved ToR of NGO and timeline of the center will be finalized by NGO upon mobilization.

7.2 Short-Term Project Based Employment

41. The LARP provisioned for employment of local laborers and members of DPs. PIU has been followed up with contractors and project management consultants (PMC) in providing job opportunities to the locals. As per the contractors record the project contractors and consultants have employed a total of 184 persons as short-term employment (skilled and un-skilled labor) of which 61% (111 of the total 184) work force has been employed from the affected project area. All of the 111 (including 64 DPs) persons are local work force employed from the affected mouzas of the project. Hiring of skilled and unskilled labours from local project area is monitored by PIU on every month through the monthly progress report of contractors. For reference a list of skilled and un-skilled employment is annexed at **Annexure-11**. A summary of skilled and un-skilled labours working in project sites are presented below at **Table 7.1**.

8 GRIEVANCE REDRESS MECHANISM AND COMPLAINTS HANDLING

8.1 Grievance Redress Mechanism

42. The GRM aims to mediate conflicts and response to complaints related to environment and social safeguard (LARP) performance of the project. At project level, the disbursement of compensation and allowance committee and grievance redress committees are operationalized for disbursement of entitled allowance and redressing grievances of affected communities. The GRC notification of mouza Paras pending due to lack of consensus amongst the DPs of Paras upon the nomination of community members for GRC formation. However, it was decided during a grand consultation meeting with the representative of Paras and they agreed to provide the final name for GRC member nomination. Hence the notification will be issued by PIU during the month of January, 2023 and it will be reflected in the upcoming report. However, a joint complaint of all the mouzas was submitted to DC Mansehra, ADB and PIU and no other complaint was received from mouza Paras till the reporting period. The field level GRCs has been notified on dated September 15, 2022 for mouza Ghanool and Sangar under section-1 while for mouza Bela Sacha (separately) under section-2 notified on dated September 26, 2022 with the following composition and GRC notifications are annexed at the end of report at **Annexure-9**.

43. A complaint register is maintained at site with the contractor as well as in the office of the Project Director. The placing of the complaint register at contractor's camp is well publicized. Detailed Grievance Redress Mechanism (GRM) is affixed on sign board installed at Resident Engineer's office to guide complainant. The office of the Resident Engineer of the PMC is the first level to register and resolve the complaint if it is not addressed by the contractor. The Resident Engineer will deliver his decision within one week of registration of the case, if no understanding or amicable solution can be reached, or if the affected person does not receive a response from the Resident Engineer office within one week of the registry of the complaint, he/she can appeal to the GRC in writing to the office of the Project Director BHPP. The Committee at the PIU level will address the complaint on priority and is fully responsible to satisfy the complainant in terms of resolving his/her complaint.

44. A number of meetings were held during the reporting period; however, it was decided by the GRC members that meeting will be held on need basis for smooth implementation of project activities and best interest of complainants as well. During LARP's implementation and formation of GRC's, most of the DPs are logging their complaints through GRC members while some of the DPs

directly logging their complaints to PIU. The LAR implementation is in process since August 2022, while the GRCs have been formed in September 2022 and mobilized and conducted meetings on need based. The GRC has been received 7 complaints from the community during reporting period. In which four (4) complaints have been resolved so far while remaining 3 is under review of the GRC members and soon will be resolved. A part from that a group of complaint received by office of the DC Mansehra in June 2022. Concurrently, the Project Director of BHPP and DC Mansehra responded in June 27,2022 through a detail reply addressing all their grievances related to assessment, compensation and other monetary allowances of acquired land and non-land assets. During reporting period four (4) meetings have been conducted with all such complainants, while recently, a detail meeting conducted by PD-PIU of BHP and ADB's Safeguard team based at Pakistan Resident Mission with the affected community representative/ complainants held in circuit house District Mansehra on December 20, 2022. The outcomes of the meeting is summarized as under;

- ADB and PIU have now engaged the services of an independent valuation firm to undertake "valuation" of affected properties (10% sample) in consultation with all relevant stakeholders including the complainants, village representatives, PIU and District Administration, etc. The valuation study (IVS) will evaluate the sample properties (land and non-land) based on the agreed TORs and will determine if the awarded compensation rates are consistent with the "replacement costs" as required under ADB's Safeguard Policy Statement 2009 (SPS) and approved LARPs.
- A list of potential DPs interested in jobs, be prepared for recruitment through a transparent system that can be established through consultations with PIU, GRCs and Contractors. The listed DPs may also benefit from the technical and vocational training and other support available under the Livelihood Restoration Plan (LRP) of the Project. The LRP program will be implemented through an NGO which will be mobilized tentatively in March 2023.
- The Project Director again requested the representatives of all affected villages to provide list of skilled and unskilled DPs of each affected area to PIU through the GRC members.
- The Project Director also requested the DPs of village Paras to provide 2 community representatives/ members to complete their GRC composition and further to discuss and address their priority issues (on regular basis) to which the concerned community agreed that the contractors will be given access for the site work. The minutes of the meeting is annexed at the end of report as **Annexure-10**.

The LAR implementation should be verified by an independent/ external resettlement monitor. Annexure-1: Guidance Note on handling compensation cases with legal and administrative impediments of ADB

(Revised draft: 18 July 2016)

GUIDANCE NOTES	X Handling Compensation Cases with Legal and Administrative Impediments
Policy Requirement	Pay compensation and provide other resettlement entitlements before physical or economic displacement. ¹
<p>Key Pointers</p> <p><i>SPS and legal covenants</i></p> <p><i>When is compensation considered paid?</i></p> <p><i>LAA requirement on compensating before displacement</i></p>	<p>1. ADB Safeguard Policy Statement (SPS2009) requires the borrower/client to ensure that no physical displacement or economic displacement will occur until (i) compensation at full replacement cost² has been paid to each displaced person (DP) for project components or sections that are ready to be constructed; (ii) other entitlements listed in the resettlement plan have been provided to DPs; and (iii) a comprehensive income and livelihood rehabilitation program, supported by an adequate budget, is in place to help DPs improve, or at least restore, their incomes and livelihoods. While compensation is required to be paid before displacement, full implementation of the LARP might take longer.³ To ensure policy compliance, specific provisions are included in the Project/Loan agreements to keep on-hold civil works until compensation payments are fully paid to the DPs.</p> <p>2. Compensation for both land and non-land assets is deemed to have been paid when the amount in cash or cheque has been provided to DPs⁴ or deposited into their bank account, or in an escrow account.⁵ Depositing the compensation in an escrow account, in lieu of providing cash or cheque to the DP is justified only when sufficient good-faith efforts and all legal requirements for contacting and notifying the DPs have been made.</p> <p>3. Pakistan's Land Acquisition Act (1894) allows the government to take possession of the acquired land once land award has been made as per LAA Section 11, and payment has been made or deposited in court as per LAA Section 31. Accordingly, the Collector is required to pay the full amount to the DP, unless (a) the DP refuses to receive the amount, (b) there is no competent person to receive the compensation, or (c) if there is a dispute as to the title to receive the compensation. Such cases may be referred to the court and the compensation amount deposited in the court.⁶ In case the DPs or their representatives did not come forward to collect their compensation, the</p>

¹ See Involuntary Resettlement Safeguards Policy Principle 11, ADB Safeguards Policy Statement (2009), page 17.

² SPS defines full replacement cost for land and non-land assets as based on the following elements: (i) fair market value; (ii) transaction costs; (iii) interest accrued; (iv) transitional and restoration costs; and (v) other applicable payments, if any. In case of non-land assets, depreciation of structures and other assets should not taken into account. See SR 2 Involuntary Resettlement, ADB SPS (2009), para 10.

³ See SR 2 Involuntary Resettlement, ADB SPS (2009), para 14.

⁴ Displaced persons include: (i) persons with formal legal rights to land lost in its entirety or in part; (ii) persons who lost the land they occupy in its entirety or in part who have no formal legal rights to such land, but who have claims to such lands that are recognized or recognizable under national laws; and (iii) persons who lost the land they occupy in its entirety or in part who have neither formal legal rights nor recognized or recognizable claims to such land. The borrower/client is required to provide adequate and appropriate replacement land and structures or cash compensation at full replacement cost for lost land and structures; adequate compensation for partially damaged structures; and relocation assistance, if applicable, prior to their relocation. DPs without legal rights to the affected land should be compensated for the loss of their non-land assets, and for other improvements to the land, at full replacement cost prior to their relocation provided they occupied the land or structure before the cut-off date. See SR 2 Involuntary Resettlement, ADB SPS (2009), para 7.6.

⁵ An escrow account is a separate, dedicated or trust bank account for keeping money that is the property of others. It is relevant in the case of absentee landlords whose property is acquired for a public purpose, or when there is litigation regarding the compensation amount for land acquisition. This mechanism enables payment of compensation once the legal cases were settled and ownership documents were submitted. 	<p>amount may be deposited in the Revenue Department payable to the DPs, after sufficient efforts have been made to contact and encourage DPs to appear and notifying the DPs in which treasury the deposit has been made.⁷ As per LAA Standing Order 28, the Acquiring Officer is required, to the extent possible, to pay DPs in or near the DPs' village to facilitate collection of compensation.</p>
<p><i>Cases with legal and administrative impediments</i></p>	<p>4. Both the LAA (1894) and ADB SPS (2009) require that DPs are compensated before displacement but allow a mechanism for dealing with cases with legal and administrative impediments to disbursing compensation provided that sufficient good-faith efforts are demonstrated to (a) contact, notify and assist DPs, and (b) deliver compensation payments. This guidance note clarifies:</p> <ul style="list-style-type: none"> i. What are cases with legal and administrative impediments to payment of compensation to DPs? ii. What are the requirements under the LAA related to cases with legal and administrative impediments to payment of compensation to DPs?; and, iii. When can good-faith efforts be considered as sufficient and how to document that good-faith efforts have been made? <p>5. Cases with legal and administrative impediments to payment of compensation include:</p> <ul style="list-style-type: none"> i. DPs who did not accept the award due to objection to the measurement of the land or affected asset, the amount of compensation, the person to whom it is payable, or the apportionment of the compensation among the persons interested; ii. Absentee landowners (DPs living overseas or in other parts of the country), and without an authorized representative to collect compensation; iii. DPs with pending inheritance mutations; iv. DPs who are unenthusiastic to collect meager compensation amount; v. DPs who are unable to alienate the acquired asset either by being a juvenile with no legally documented guardian or due to other issues.
<p><i>Cases not valid as legal and administrative impediments</i></p>	<p>6. Non-disbursement/non-delivery of compensation due to (a) insufficient funds or delay in approval of funds; or (b) insufficient staff or resources does not justify not paying compensation to DPs before displacement. EAs/IAs have the power and responsibility to ensure that sufficient funds and staffing are available in a timely manner to undertake the required land acquisition. Similarly, non-compensation of affected non-land assets (structures) and improvements by DPs who have no formal rights to the affected land is not considered as a valid legal and administrative impediment (see footnote 4).</p>
<p><i>Why is it important to address cases with legal and administrative impediments?</i></p>	<p>7. DPs facing legal and administrative impediments could only be paid when the impediments have been resolved. In such cases, it is uncertain when DPs will receive their compensation causing untoward delay in project implementation and burden to local communities and project stakeholders. More importantly, these impediments prevent the project from assisting these DPs to enhance, or at least restore, their livelihoods and to improve the standards of living of the displaced poor and other vulnerable groups.</p>
<p><i>Good-faith efforts for cases with</i></p>	<p>8. Compensation of these DPs is beyond the control of the EA. These are mainly dependent of the actions of the DPs or ruling/decision from a third-party i.e. the court or BOR. However, good-faith efforts are needed from the EA/IA to (a) contact and notify DPs through their last known address, village heads or kins; (b) inform DPs who to</p>

(Revised draft: 18 July 2016)

<p><i>legal and administrative impediments</i></p>	<p>contact or where to proceed to collect their compensation; and (c) advise DPs on possible actions that may help them receive their compensation.</p>
<p><i>Need for sustained community outreach</i></p>	<p>9. It is important that the LAR management team⁸ undertakes continued community consultations and outreach to locate, assist and guide DPs with legal and administrative impediments. Documentation of the efforts by the LAR management team including multiple visits⁹ to DPs' villages, organizing village meetings, posting of notices in public places, serving notices at last known address of DPs and publishing the names of unpaid DPs in the print media is needed to demonstrate that due efforts were conducted in addressing cases with impediments to paying compensation.</p> <p>10. Some issue-specific measures to confirm DPs understanding about the availability of compensation, payment mechanism, time-lines, and DPs agreement to the commencement of works (wherever required) while the issue is being resolved can help show and validate the efforts exhausted by the EA to achieve the policy objectives and enable the decision makers to allow the construction works accordingly. For each issue, documentation requirements and recording of certification statements are discussed below. Standard templates for additional documentation are provided against each issue as and wherever required:</p>
<p><i>Cases with title disputes and litigation</i></p>	<p>i) Land Title Disputes or Litigations among the DPs or Court References Against Award</p> <p>11. When there is a dispute on the title of the affected land before a competent court of law or when DPs file references against award, compensation can only be made after the court decrees which may take years. Further, right to appeal against court's decree cannot be forfeited or denied under law which could further delay the payment. In such cases, payment of compensation in a given time frame is impossible and it would be appropriate to deposit compensation in treasury at courts disposal to make sure the DPs are paid as and when court verdict is passed. For these cases, the process provided in the succeeding paras should be followed.</p> <p>12. Immediately after identifying such cases, the EA after seeking court's permission should deposit the compensation amount in the court for payment to the DPs as and when court decides their reference or title dispute. The receipt and records for such deposits should be maintained at the EA's project office. Meanwhile, the EA through its LAR staff should liaise with the DPs to inform them about the compensation payment mechanism and compensation deposited in the treasury or the court. The EA's project office should prepare and maintain the following record:</p> <ul style="list-style-type: none"> • Database/listing and field reports on activities done to identify and screen DPs with their legal/administrative issues including nature of dispute and reference court where pending • Field reports on activities done to coordinate with the DPs for early resolution of

⁸ The LAR management team may include Land Acquisition and Resettlement Staff engaged by the FA i.e. FA's Land Management Staff, Land Acquisition Collector deputed by BOR, Resettlement Specialists and social mobilizers either recruited by the FA or mobilized through Consultants (Safeguards Management or Construction Supervision Consultants) to support the EA in effective LAR management.

⁹ Repeated visits in three consecutive months scheduled for each village by the Land Acquisition Collector/Land Acquisition Unit of the FA to deliver compensation to unpaid DPs and identify those with legal and administrative impediments. The repeated visits should be documented showing visit schedule, information disclosure reports, list of persons met and field visit reports duly endorsed by the local community and the village headman confirming number of identified DPs with legal and administrative impediments.

(Revised draft: 18 July 2016)

<p>Absentee land owners</p>	<p>their issues and with courts for seeking permission/guidance and deposit of compensation in treasury at court's disposal.</p> <ul style="list-style-type: none"> • copy of the delivery of notices (with signed receipt) to the DPs confirming deposit of amount at court's disposal and clarifying mechanism for payment. <p>ii) Absentee Landowners (DPs Living Overseas or in Other Parts of the Country).</p> <p>13. Many rural households migrate to cities for better livelihood opportunities and standard of living. Moreover, hereditary division over time resulted in the segmentation of agricultural land parcels into unproductive units. While some families with land and assets in different parts of the country divide their land based on their places of residence, many do so without legally formalizing such settlements and getting land records updated accordingly. Some family members who have migrated overseas permanently had land in their name or retained their respective share in family-owned land as per land revenue records. Such DPs who own or have share in the land as per record but are not living in the village are termed as absentee landowners.</p> <p>14. Absentee landowners¹⁰ are also recorded as DPs. The compensation to absentee land owners could not be made until they appear before the acquiring officer for processing and payment of compensation. LAA requires that notices are delivered against each land parcel either through (a) co-sharers in the acquired land parcel, (b) DPs relatives living in the village, or (c) through the village headman. The legal requirement is to serve notices to DPs at their places of residence either through special messenger or registered post, which can only be met if the whereabouts and residence of the absentee land owners is known. An additional measure that may be considered to notify absentee land owners whose whereabouts are unknown is to publish their names in print media (National Daily News Paper).¹¹</p> <p>15. It is vital to collect information about the DP's contact details including the mailing and residential address. The following measures are proposed to contact absentee landowners and maintain record of all efforts made by the EA:</p> <ul style="list-style-type: none"> • Identify and record DPs relation in affected village or local contact person, collect information about DP's present place of residence. See template 1 below:

¹⁰ Land owners who are recorded in the landholding rights register as owners but they have shifted from the village to other areas in the country or overseas for better income opportunities and living standard.

¹¹ In NTCHIP tranche I and NIDSIP tranche II projects (i.e. M-4 Faisalabad Gojra Section (ADB Loan 2400) and Sukkur-Jacobabad (N-66) (ADB Loan 2640)) and the National Motorway M-1 Gojra-Shorkot Section I Project (ADB Loan 3300), the notices with the names of the DPs who have not come forward to collect compensation were published in the National News Papers (Urdu language) as a last resort effort to approach unpaid DPs for compensation delivery.

iii) DPs with Pending Inheritance Mutations

16. Land records are maintained by the local land revenue authorities who are responsible to enter land mutation transactions as and when reported by the landowners and update land records accordingly. Some heirs of DPs who passed away fail to get inheritance mutations recorded and get land records updated accordingly. On average, land acquisition process is completed almost in two years. During the acquisition or after land awards are announced, some DPs pass away without receiving their entitled

DPs with pending inheritance mutation

(Revised draft: 18 July 2016)

compensation. Although the legal heirs of the deceased DP are eligible for compensation, they could not be paid until the inheritance mutation is recorded and remaining land of deceased DP is transferred in their name.

17. The law requires heirs of the DP to report to the local land revenue authorities about the demise of the DP and apply for the updating of the land record. Upon receipt of the application, the land revenue authorities undergo a legal process to record the inheritance mutation, update the land record reflecting the names of legal heirs and their respective shares in the land record. When it is done, the compensation can be paid to the legal heirs as per their respective share. This process normally takes three to four months. For cases where inheritance mutations are not timely reported, recording becomes more difficult and can take a longer period to complete.

18. When it is determined that the DP has passed away, the LAR management team should approach the legal heirs to apprise them on the process for getting compensation and assist them in approaching land revenue authorities to get their inheritance mutations recorded. The LAR management team should carry-out the following activities to facilitate the mutation of inheritance and early payment of compensation to the heirs and document their efforts:

- Identify all living legal heirs of the DP, visit the heirs residing in the village and guide them on the process and facilitate in inheritance mutation process;
- Collect a statement from the legal heirs¹² confirming that their inheritance mutation of land is pending, acknowledging the EA's efforts to assist them, indicating awareness that funds are available for compensation delivery, and concurring that works may commence while their inheritance mutation is being processed.
- Keep copies of the signed statement in the EA project office files. See Template 3 below (to be translated to Urdu):

¹² To the extent possible, all legal heirs living within the village should sign the Statement. If some heirs are not available to sign, the LAR management team should prepare a field report indicating who are the heirs who were not able to sign the statement and the circumstances why they were not able to sign i.e. out of the village or country, ill, etc. The LAR management team should also record the names of heirs who are out of the village or country and their last known address and advise the other heirs to relay the information to those who are away.

<p><i>DPs unable to alienate the land</i></p>	<p>iv) DPs Who are Unable to Alienate the Acquired Asset:</p> <p>19. Minors, juveniles and DPs with mental disability are not capable to alienate the acquired land under law. The law provides that compensation could be paid through legally-designated guardians or managers who can act and alienate the immovable property on behalf of the DP. In cases where the guardians are not designated by the court, the compensation is put on-hold until the minor attains the age of majority and claim compensation.</p> <p>20. It is common that children inherit their parents' immovable properties, but is kept in possession and used by adult male members of the extended family or kinship group as a joint family asset. It is not a common practice to appoint guardians following the Guardians and Wards Act of 1890. Hence, compensation of DPs with minor age is kept on hold until the DP becomes of legal age unless a valid guardian certificate is produced. Although such cases are not many, it is important to guide the adults who provide care to these DPs to approach the right forum or court for appointing a guardian under law.</p> <p>21. The LAR management team should carry-out the following activities in dealing with pending guardian's appointment and in documenting its efforts:</p> <ul style="list-style-type: none"> • Coordinate with the Living Parent or other grown up members of the household the DP is living with and guide them on the process of appointing a guardian. • Collect a certification statement from the Living Parent or other grown up member of the household the DP is living with, that i) confirms EA's efforts to notify and guide them and secure funds for compensation payment, ii) states that the appointment of guardian is pending, and iii) concurs to the commencement of civil works on the plot while the guardianship certificate is being processed. Such statement should be witnessed by the village headman and the village DPC chairman or member. See Template 4 below (to be translated to Urdu).

v) DPs with Meager Compensation

22. The compensation amount itself proves driving factor for DPs to submit their claims. In cases where small land holdings are in joint ownership with several entitled persons, shares in compensation for each DP become very small (\$100 and below). A good number¹³ of DPs fall in this category and they never show-up to collect compensation. The situation is further aggravated when such DPs also face other legal or administrative issues like pending inheritance mutations of acquired land or living overseas and other parts in the country.

23. Although the law provides a mechanism that includes cash payment at the village or payment through money order in case of absentee land owners¹⁴, such is no longer practiced. The only available mode is payment through voucher/debit-able to the treasury which requires the DP to travel repeatedly to the district/tehsil headquarter to receive their compensation, making the transportation cost higher than their compensation. This also requires that the DP has or opens a bank account.

24. The LAR management team should explore other payment modes allowed under the LAA including cash payment or payment through money order if the DP is living out of the project area. If such unclaimed compensations are deposited at court's disposal as legal remedy, it will be of no gain because a significant number of the DPs will remain unpaid. Following actions should be taken and recorded to explore specific measures and seek guidance from BOR in this aspect.

- Define a maximum slab of amount to be termed as meager compensation and get it endorsed by the EA;
- Document coordination efforts with BOR including i) official correspondence and

¹⁴ Rule 87, Financial Commissioner's (Board of Revenue) Standing Order No 26 (1969) on land acquisition procedures

(Revised draft: 18 July 2016)

	<p>ii) meet with BOR to seek guidance on the issue at the project and EA levels.</p> <ul style="list-style-type: none">• Maintain a record of actions taken by the project team for payment to DP or deposit compensation at court's disposal following guidance from BOR.

B. Summary of Proceedings:

The Chair welcomed all the participants and the meeting started with recitation of Holy Quran followed by a round of participant's introduction.

C. Key Issues Raised by APs and Representative of Complainants:

Mr. Jabran Shah:

- Valuation of Land and Non-Land Assets on current market rate.
- The type and category of land should be updated by the revenue department.
- The assessment rates of C&W are considered as of 2012, so these should be updated.
- Some 4 built-up structures are not assessed fairly so these should also be assessed.
- The previously constructed/fabricated structures of suki kinari project should also be assessed.
- The inflation on allowances should be taken for 5 years instead of 3 years.
- House rent in the resettlement allowances should be given of 5 years.

Mr. Tanveer Shah:

- The 44 houses of Mouza Paras and 6 houses of Mouza Sangar should be fairly assessed because they are not fairly assessed.

Mr. Tahir Shah:

- The structures assessment is not fairly done, so this should be done fairly.
- The 22% contractor's premium should not be deducted from the structure's assessment.
- The land records should be updated by the revenue department.

- Employment should be provided to the affected community in the project.
- Small supplies contracts for goods and services should be granted to the APs of Mouza Paras.

Response/clarifications by Mr. Ashfaq Khokhar, ADB:

Mr. Ashfaq Khokhar of ADB responded that LAA 1894 is Pakistan's main law governing land acquisition and compensation and is applied throughout Pakistan by provincial Boards of Revenue through the land acquisition collectors. However, in many instances, the land records are found to be outdated and this sometimes results in the official land records being different from the actual land types existing on ground. He further informed the participants that in order to address the complainants major concern on the rates/prices of land and asset, ADB and PIU have now engaged the services of an independent valuation firm to undertake "valuation" of affected properties (10% sample) in consultation with all relevant stakeholders including the complainants, village representatives, PIU and District Administration, etc. The valuation study (IVS) will evaluate the sample properties (land and non-land) based on the agreed TORs and will determine if the awarded compensation rates are consistent with the "replacement costs" as required under ADB's Safeguard Policy Statement 2009 (SPS) and approved LARPs. The report and minutes of meetings of IVS with complainants/APs and PIU will also be documented and shared with all relevant stakeholders.

Further on the issue of the APs' employment in the project's construction work, Mr. Ashfaq Khokhar suggested to all village representatives that a list of potential APs interested in jobs, be prepared for recruitment through a transparent system that can be established through consultations with PIU, GRCs and Contractors. The listed APs may also benefit from the technical and vocational training and other support available under the Livelihood Restoration Plan (LRP) of the Project. Mr. Ayaz Asif of ADB added that such LRP program will be implemented through an NGO which will be mobilized tentatively in March 2023.

Response/clarifications by Mr. Aziz Raza, Project Director:

Project Director PIU responded that IVS consultant will carry out due diligence of the APs' land and non-land assets . He further added that jobs will be provided to suitable APs on a priority basis. The Project Director again requested the representatives of all affected villages to provide list of skilled and unskilled APs of each affected area to PIU through the GRC members. He requested the APs of village Paras to provide 2 community representatives/ members to complete their GRC composition and further to discuss and address their priority issues (on regular basis) to which the concerned community agreed that the contractors will be given access for the site work.

Mr. Tahir Shah thanked PD PIU and ADB for involving the IVS firm for fair and transparent assessment of the affected assets of APs and thereby minimizing their grievances. The site work will also be allowed from now onwards for smooth running of project.
