EXECUTIVE SUMMARY

2. The Project Implementation Unit (PIU) is implementing the Balakot Hydropower Project (BHPP) with the financial assistance from Asian Development Bank (ADB) and Asian Infrastructure Investment Bank. The project will (i) improve energy security by increasing the clean energy share in the country's energy mix currently dominated by thermal power generation; (ii) boost the economy and promote revenue generating investments in the hydro-abundant Khyber Pakhtunkhwa (KP) Province; and (iii) build capacity and awareness on climate change impacts, adaptation and mitigation measures. The project has been divided into two sections for construction purposes. Therefore, two separate land acquisition and resettlement plans (LARPs) (section-wise) were prepared. The 1st Sectional LARP (Mouza Ghanool and Sangar) was approved by ADB on July 27, 2022,¹ and 2nd sectional LARP (Mouza Bela Sacha and Paras) was approved by ADB on November 29, 2022.²

3. As per approved 1st sectional LARP comprising Mouza Ghanool and Sangar, total acquired land is 848.40 Kanals (106.05 acres, including 168.2 Kanals of communal land) owned by 1,791 DPs and non-land impacts consisting of (i) 3,045 wood trees, owned by 1,725 DPs, and 876 fruit trees owned by 48 DPs; and (ii) 46 residential structures owned by 40 displaced persons (DPs) with 25 DPs requiring physically relocation. 1 commercial structure (only commercial structure affected but the owner/DP was not required relocate., and 1 masjid (common prayer place). However, total number of land DPs has changed from the original number (1,791 to 1,874 DPs) due to inheritance mutation. Similarly, owners of trees also increased from original number (1,773 to 1,862 DPs). Nonetheless, the amount of payable compensation remains unchanged. Additionally, 39 DPs are eligible for different admissible allowances in the entire 1st sectional LARP.

4. As per approved sectional LARP 2 (covering the villages Bela Sacha and Paras), total acquired land is 962.950 Kanals (120.369 acres including 324.52 Kanals of communal land) owned by 1,766 DPs. Similarly, other LAR-related impacts included the following: (i) 9,189 wood trees owned by 1,457 DPs, and 1,448 fruit trees owned by 118 DPs; and (ii) 410 structures owned by 398 DPs (of which 196 DPs required physical relocation), and 9 communal or public structures, including 2 masjids (prayer place), 2 graveyards, and 5 government buildings (2 government schools, 1 basic health facility, 1 revenue office, and 1 forest office) in villages Bela Sacha and Paras.³ However, total number of land DPs changed from the original number (1,766 to 1,821 DPs) due to inheritance mutation. Similarly, the owners of trees also increased (1,575 to 1,647 DPs). Nonetheless, the amount of payable compensation remains unchanged. Additionally, 286 DPs are eligible for different admissible allowances in the entire 2nd sectional LARP.

5. In addition to the land already acquired for the project, PIU is acquiring 15.4 kanal (1.925 acres) of additional private land for slope stabilization at the dam's right side abatement

³ Total of 410 private structures, 15 commercial structures, 4 communal structures including 2 masjids (prayer place), 2 graveyards and 5 government buildings in villages Bela Sacha and Paras.

in Mouza Bela Sacha. Acquisition of land and LAR impacts and compensation will be documented under LARP addendum, which is currently under ADB's approval.

6. The LARP's addendum under section-1 and 2 aims to document the additional/missing claims for eligible allowances and their validation/ verification based on the matrix of entitlements and criteria as per the approved LARPs, the additional compensation for the positive differential between the replacement cost determined by the IVS and the official rates in the approved LARPs and additional land (15.4 kanal) to be acquired at the dam site area in Mouza Bela Sacha under Section-2.

7. Implementation of LARP is monitored internally by the PIU and externally by an external resettlement monitor (ERM) engaged by PIU, and internal and external monitoring reports are provided to PIU and shared with ADB. This SSMR (internal) covers the implementation of both sectional LARPs 1 and 2 for the period from January to June 2024. Implementation of sectional LARPs began in August 2022 by the PIU and Land Acquisition Collector (LAC), Mansehra District Officer Revenue. Initially, implementation of sectional LARPs encountered delays due to frequent transfers of relevant officials in the land revenue department and engagement of revenue staff in the provincial and national level election throughout the country. Nonetheless, the PIU, with support from the project management consultant (PMC), continued exhaustive efforts to move the compensation process, while also addressing the compensation cases stuck or impeded due to different administrative and legal reasons. No DPs have been physically displaced by PIU from housing so far, (while under already demolished structures no owners have been displaced as such demolished structures was vacant since long time and not in used/ functional by any owners). Although many DPs left their structures after receiving full compensation from LAC office Mansehra. As of reporting period 208 DPs left their structures voluntarily since April 2024. PIU and PMC continue to coordinate with the district revenue department/LAC office Mansehra to accelerate the disbursement of compensation and allowances to all unpaid DPs (including those with legal impediments to compensation). Staff of PIU/PMC also continue to inform the unpaid DPs through their relatives and Patwaris to come forward and receive their compensation as soon as possible. These efforts of PIU and PMC are in accordance with ADB's guidance note on handling compensation cases with legal and administrative impediments in **Annexure-1**. Sample copies of impediment documents (scanned) are in **Annexure-2**.

8. **Status of Implementation:** As per approved sectional LARPs (section-1), PKR 92.66 million (65.63%) of the total payable land compensation amount of PKR 141.19 million has been disbursed to 795 of total 1,874 DPs (42.4%, 1,791 DPs of approved LARPs, and 83 DPs of inheritance mutation) for land of 544.94 kanal (68.12 acres) out of total 848.40 kanal (106.05 acres) or 64.23% in two villages under section-1. Accordingly, for trees compensation, 788 of total 1,862 DPs (42.3%) received PKR 23.63 million out of total PKR 32.71 million (72.25%). Moreover, affected built-up property compensation paid to 100% of total 40 DPs with an amount of PKR 72.52 million of total PKR 74.53 million (97.30%) in two villages under section 1 of BHPP. Similarly, LAC (revenue department) and PIU supported by PMC is responsible for all types of payments of allowances, such as for severity, vulnerability, structure relocation, shifting for houses, shifting for commercial structures, transition, business moving assistance, house rent, business allowance for 12 months, electricity, and household dislocation (chulla)

allowance. As per approved LARPs in the affected two villages of the project, 38 DPs of total 39 DPs (97.4%) have been paid for all their admissible allowances, including dislocation (chulla) allowance, and 17 DPs are paid for their vulnerability allowance amounting PKR 59.50 million of total PKR 59.56 million (99.9%). The 1 unpaid DP of allowance amounting PKR 0.063 million are undisbursed mainly because DP is out of the village. The DP was already informed through their relatives and neighbors, and soon will receive their due allowance once he returns to the village.

9. As per approved sectional LARPs (section-2), PKR 236.68 million of the total payable land compensation amount of PKR 426.50 million (55.49%) has been disbursed to 653 of total 1,821 DPs (35.86%) (1,766 DPs of approved LARPs, and 55 DPs of inheritance mutation) for land of 405.20 kanal (50.65 acres) of total 962.95 kanal (120.369 acres) (42.08%) in two villages under section-2 of BHPP. Accordingly, for trees compensation, 375 DPs of total 1,647 DPs (22.77%) received PKR 44.33 million out of total PKR 49.10 million (90.28%). Moreover, affected built-up property compensation was paid to 100% of total 398 DPs with an amount of PKR 1,323.32 million of total PKR 1,424.47 million (92.90%) in two villages under section 2 of BHPP. Similarly, LAC (revenue department) and PIU supported by PMC is responsible for all types of payments of allowances such as severity, vulnerability, structure relocation, shifting for houses, shifting for commercial structures, transition, business moving assistance, house rent, business allowance for 12 months, electricity and household dislocation (chulla) allowance. As per approved LARP section 2 in the affected two villages of the project, 220 of total 286 DPs (76.92%) have been paid for all their admissible allowances, including dislocation (chulla) allowance, and 41 DPs are paid for their vulnerability allowance amounting PKR 440.97 million of total PKR 468.21 million (94.18%). The 66 unpaid DPs of allowances amounting PKR 27.25 million are undisbursed mainly because these DPs are out of village. They were already informed through their relatives and neighbors, and soon will receive their due allowances once they return to the village.

10. Hence, 258 of total 325 DPs have been paid PKR 500.467 million of total PKR 527.78 million (94.83%) during the reporting period in all four villages of the project. Overall status of disbursement of LARP (land and non-land assets compensation and allowances) in mouzas/ villages under each section are in chapter 4. Scanned copies of land and non-land assets compensation and allowance voucher (payment receipt) are in **Annexure-3**. The Table ES-1 shows the progress during previous quarters, progress during reporting period January-June 2024 and overall cumulative progress. Table ES-2 shows the paid and unpaid DPs of land and non-land compensation amount under each category.

11. The field staff of PIU and PMC continued to support the revenue department staff to expedite the disbursement of compensation to the DPs of both sectional LARPs. PIU/PMC collected the field data of both sectional LARPs, and prepared the required documentation of the DPs whose compensation payment is unpaid due to legal and administrative impediments. Consultation meetings with DPs and awareness campaigns were launched by PIU/PMC in their efforts to reach out to the DPs. A scanned copy of these efforts is in **Annexure-4**.

12. **Valuation of affected land and non-land assets by an independent valuation expert:** As required under ADB's Safeguard Policy Statement 2009, PIU engaged a certified independent valuer to undertake an independent valuation study of the affected assets to determine if the awarded prices meet the SPS's requirement of full replacement costs". The valuer undertook a sample valuation study (IVS) during January-March 2023. The study determined a differential between the awarded compensation rates and the IVS rates. The

IVS report and the differential has been reviewed and approved by the Provincial Cabinet of the Government of Khyber Pakhtunkhwa (GoKPK). Earlier, ADB also reviewed the report and solicited clarifications from the expert on the valuation and the payment of differential to DPs through an addendum LARP.

13. Following the governmental approval, the results of IVS were presented to the members of GRCs including a few DPs and community members. ADB representative joined that meeting virtually while others including PIU and GRC members/DPs joined in-person. The GRC members and DPs/ community members expressed their satisfaction on the study findings, and they requested PIU for early release of differential payments. The Project Director told them that payment of differential will be paid through the Addendums of LARP-1 and 2 separately after approval of the same by ADB. The minutes of meeting/ presentation of IVS are available at **Annexure-5**. The addendum of 1st sectional LARP has been submitted to ADB on June 13, 2024, for onward approval.

14. The LARP implementation status during the reporting period (January-June 2024) is in Table 4.7 in chapter 4 (section-wise mouzas highlighted in gray, green and blue colors where full implementation of LARP is confirmed, and already validated by the EMA [External Resettlement Agent of PIU] through the 1st, 2nd, 3rd and 4th EMRs, respectively). The undisbursed compensation amount for acquired land is already deposited and secured in the district treasury for payment to the unpaid DPs having legal/administrative impediments as and when they will show up with valid claim documents after resolving their issues/impediments. The PIU confirms that all DPs other than those unpaid due to legal and administrative impediments have been fully compensated for all LAR impacts and payable allowances in all mouzas under 1st and 2nd sectional LARP as of June 2024. The detailed list of paid and unpaid DPs of land, trees and built-up property of each mouza was previously provided in 3rd SASMR (July-December 2022) for mouza Bela Sacha and Paras which are available separately in Appendixes-13, 14, 15, 16, 17 and 18, while for mouza Sangar provided in 2nd SASMR (July-October 2022) available in Appendixes-1, 2 and 3, and for mouza Ghanool provided in 1st SASMR (July-October 2022) available in Appendix-5.

15. The findings of the internal SSMR of January-June 2024 for both the sectional LARPs 1 and 2 show that from the total 3,695 DPs of all 4 villages, 1,448 DPs have been fully compensated, whereas the remaining 2,247 DPs are still unpaid due to different reasons (i.e. legal and administrative impediments) that are beyond PIU's power to address or resolve alone. The details of unpaid 2,247 DPs by type of impediment are as follows: 45 DPs have court cases on internal family disputes; 65 DPs live/work abroad; 266 DPs have inheritance mutation issues; 1,118 DPs continue to remain disinterested in receiving compensation due to meager amount compensation; 4 DPs are juvenile and do not have either national identity card (CNIC) or guardian certificates, which PIU and LAC require to address this impediment to the compensation disbursement; 317 DPs live out of city; and 432 DPs out of village. While PIU/PMC continue to reach out to the unpaid DPs through different means and make all possible efforts in addressing all types of impediments to compensation, no unpaid DPs have been dislocated so far. Table ES-3 presents a detailed summary of unpaid DPs (by category of impediment) for a clear understanding of the situation.

16. The institutional set up of PIU has well established safeguards management arrangements with social and environmental management specialists available full time for implementation and internal monitoring of sectional LARPs, environmental impact assessment, environmental management plan, and site-specific environmental management plans. Overall, Project Director BHPP at PIU is responsible to implement and ensure compliance with social and environmental safeguard requirements of ADB's Safeguard Policy Statement 2009 (SPS), and project-specific requirements of social and environment safeguards. PD PIU and the Safeguard Unit are further assisted by the PMC, which have the services of social and environmental specialists made available to PIU under PMC.

17. The safeguard unit/team at PIU is headed by Deputy Director Social & Resettlement responsible for implementation of LARP supported by Deputy Director Land Acquisition, Assistant Director Social & Resettlement and Patwaris (land record keeper). The BHPP staff regularly conducted meetings with Deputy Commissioner (DC), Mansehra and revenue department staff, including Additional Deputy Commissioner (ADC), Assistant Commissioner (AC), Tehsildar and Patwari (land record keeper) of Tehsil concerned, to pursue disbursement of all types of compensation and allowances on fast track, and the meager compensation amount to the unpaid DPs as soon as possible. The minutes of meeting with DC/ADC/revenue officials are annexed in **Annexure-6**.

18. PIU, supported by safeguard unit team and PMC safeguard experts, is making continuous efforts to expedite implementation of sectional LARPs. Part of this effort includes dissemination to the DPs through installation and public display banners at public offices such as AC/Tehsildar office Balakot service delivery center at Balakot, and public places Jamia Masjid, and notable places in the affected mouzas of the project. Under exhaustive efforts, the PIU provided LARP-related information to DPs through public advertisements published in local newspaper and other means of social media informing the DPs about compensation and allowances they can receive from the concerned Tehsildar office of revenue department. A copy of the advertisement and link to social media are annexed at **Annexure-7**. The additional measures undertaken by the project through an IVS to validate replacement rates were already communicated to the DPs through information brochure on LARP in Urdu (local) language among the DPs in all the affected mouzas of the project. The process of dissemination of information brochures is going on till the complete payment of compensation and allowances in the affected mouzas. A scanned copy of information brochure of LARP in Urdu/local language is in **Annexure-8**.

19. In order to facilitate and expedite disbursement of allowance (payable to DPs as per sectional LARPs), an "Allowance Disbursement Committee" has been constituted under the Chairmanship of ADC (general) Mansehra along with Deputy Director Social and Resettlement of PIU, supported by PMC. The committee members examine every single case of allowance with assistance of PIU/PMC field staff to ascertain and cross verify the required information for considering any DPs for a particular allowance. The LAC/PIU staff, after completing all the verifications, prepare/sign the payment vouchers for eligible DPs. The notification of the LARP's committee for allowances is annexed at the end of report at **Annexure-9**.

20. The project's Grievance Redress Mechanism (GRM) is fully operational. The village level Grievance Redress Committees (GRCs) for Ghanool and Sangar were established and made fully functional on 15 September 2022 under sectional LARP 1, whereas GRCs for Bela Sacha and Paras were established under sectional LARP 2 on 26 September 2022 and 12 January 2023, respectively. All GRCs in all four villages are fully functional, and several meetings have been held during the reporting period. However, it was decided by the GRC members that meetings will be held on need basis for the smooth implementation of project activities and best interest of complainants as well. The notifications of GRC committees are annexed in **Annexure-10**. All DPs and local community of the four villages have been fully informed about the GRM and GRCs available to them through community consultation meetings as well as through LARP information brochure dissemination. DPs have been informed about how they can access GRM/GRCs and file any concerns or grievances with the contractors working on the sites, PIU and PMC.

21. During field visits in all affected villages, PIU/PMC staff conducted additional consultations with members of GRCs on the issue of "Chullah allowance". The GRC of Mouza Paras initially submitted applications of 279 DPs for Chulla allowance, which after thorough scrutinization by PIU and PMC and clarifications, were reduced to only 124 cases by the demands of the GRC. Similarly, in Mouza Bela Sacha, DPs initially identified as 29 but came down to only 18 by the GRC, whereas in the Mouza of Sangar, the DPs are recorded as 10. After deliberate discussion/meetings with GRC members by PIU/ PMC and based on provided documentary proof, the finalized and agreed number of eligible DPs for Chulla Allowance from

each village are completed i.e., the eligible number of DPs under missing Chulla allowances from village Paras are 45, from village Bela Sacha is 1 DP and from village Sangar is also 1 DP. However, remaining DPs are mostly eligible for one-time structure relocation (255 DPs) and business allowance (25 DPs) in all 4 villages. All such DPs along with their claims and provided documents are scrutinized in accordance with the criteria in approved LARPs under section-1 and 2. The detailed information of the eligible DPs under missing allowances are available in the 1st and 2nd sectional LARP's addendum.

22. **Applications/ Concern of DPs Submitted to PIU:** As of reporting period of January-June 2024, total of 45 applications/ concerns registered under GRC which were received by PIU from the affected communities, i.e., 2 applications regarding pending labor wages, 26 concerns/ apprehension related to additional/missing allowances, 10 applications related to internal family disputes on LARP's allowances, 1 concern regarding partial assessment of built-up property, 2 concern about demanding of business allowances, 3 applications regarding objection on the GRC members of village Paras GRC and 1 application related to damage of material mixture machine by local administration. Out of total, 43 applications/ concerns have been resolved and only 2 pending applications/ concerns unresolved due to non-availability of both parties for attending the grievance resolution meeting at GRC level.

23. **Complaints of DPs Submitted to ADB's Accountability Mechanism: Office of Special Facilitator (OSPF) and Compliance Review Panel (CRP):** Before implementation of LARP-1, OSPF received one complaint in June 2022 from the village which was related to land acquisition, valuation and compensation. However, CRP received two complaints in January 2024 regarding missing business allowance from village Bela Sacha. Parallel commencement of LARPs implementation, PIU completed an IVS that determined a differential in the awarded prices and IVS rates. The IVS differential has been approved by the provincial government for additional payments to DPs through the addendum LARPs. Similarly, CRP complainant provided additional documents to support his claims of business allowance. Based on the documented provided, PIU has accepted the claims for business allowance Annex 11 provides the complainant's satisfaction note on PIU accepting the claim of business allowance.

24. The sectional LARPs have provision for employment of local laborers and DPs. PIU continued to follow up with contractors for providing job opportunities to the locals and DPs. The PIU has strongly intimated to the contractor to provide job opportunities to the affected community on priority basis either skilled or unskilled. The contractors maintained a list of skilled and unskilled employed persons on monthly basis, and the Deputy Director Social and Resettlement of PIU is responsible for monitoring and verification of these list of the affected community (locals). The affected community is aware about the job opportunities through community meetings, and meetings with local administration at the tehsil and district levels. The contractor submitted a monthly progress report including data/information of employed persons and locally/affected community. Similarly, the Deputy Director social and resettlement of PIU regularly monitored the locally employed persons with the contractors. As per the contractor's record, the project contractors and consultants have employed a total of 932 persons for short-term employment (skilled and unskilled labor), of which 63.8% (595) has been employed from the project area. All the 595 persons are locals employed from the affected mouzas of the project. Hiring of skilled and unskilled laborers from the local project

area is monitored by PIU every month through the monthly progress reports of contractors. A list of skilled and unskilled employed persons by the contractors during the reporting period is in **Annexure-12**.

25. Similarly, long-term project-based employment which is related to output-4 of the project including, relevant training facilitation support under the livelihood restoration plan (LRP) will be provided, i.e. training on agriculture production, livestock rearing, beekeeping, fish farming and linkages with microfinance institution, to the DPs or as per the local requirements, particularly unemployed youths covering both men and women, for relevant skill improvement/ capacity building. This will reduce impact on their livelihood during project implementation. All such training linked and included in draft LRP of BHPP will be finalized and conducted by an NGO. The consultant NGO has been mobilized since September 7, 2023. The final LRP will be finalized and will be shared with all stakeholders before implementation by NGO. The selected NGO will provide realistic date for updating of LRP after mobilization. The mobilization of NGO was delayed due to late submission of the technical and financial evaluations.

26. The LARP implementation is also externally monitored through an EMA by PIU. The EMA has been mobilized since June 9, 2022, and submitted external SASMRs to PIU/ADB regularly. On validation of EMA under 1st sectional LARPs, the 1st and 2nd SASMRs (external by EMA) for mouza Ghanool and Sangar (separately) was approved by ADB on December 23, 2022, and December 27, 2022 respectively. Under 2nd sectional LARP, the 3rd SASMR (external by EMA) for mouza Bela Sacha and Paras was approved by ADB on March 7, 2023. The ERM has submitted his last External Monitoring Report (EMR) for July to December 2023 to ADB which was disclosed on March 22, 2024.

1 INTRODUCTION

1.1 Project Background

27. The Islamic Republic of Pakistan has received a loan for “Balakot Hydropower Development Project”, from ADB loan 4057 PAK and Asian Infrastructure Investment Bank loan 8397 with the cost of \$665 Million, including counterpart fund of \$115 million, for the entire BHPP. This is the SASMR (internal) on LARP implementation for the period from July to December 2023 of BHPP.

28. The KP Energy and Power Department is the executing agency, and PEDO is the implementing agency. The PIU was established in May 2019 at PEDO office, Peshawar to manage all the project activities associated with LARP. The PIU is headed by a Project Director responsible for execution and implementation of LARP, and also to ensure the availability of funds for LARP implementation. The PD PIU, with the assistance of Deputy Director Social & Resettlement, Deputy Director Land Acquisition, Assistant Director Social & Resettlement and other staff, is responsible for the timely updating, implementation and monitoring of LAR activities.

29. BHPP is classified as category “A” because the involuntary resettlement impacts of ADB supported project are considered significant as more than 200 persons are experiencing major impact, i.e. losing 10% or more of their productive assets or physically relocating.

1.2 Project Objectives

30. The BHPP aims to develop a 300 megawatt (MW) run-of-river hydropower scheme on the Kunhar River in Kaghan Valley, between Balakot and Kaghan, Manshera District of KP. The project is aligned with the carbon footprint reduced, and energy sector made more renewable, efficient and reliable. The Project has the following major objectives to achieve:

- **Climate-resilient hydropower plant commissioned:** A 300 MW hydropower plant will be commissioned near Balakot City in KP Province.
- **Capacity for climate change risk management in hydropower production enhanced:** Awareness will be developed among the communities with specific training for women and youth groups to serve as climate change leaders.
- **PEDO’s revenues from indigenous resources increased.** PEDO will supply one-third of the electricity generated from the 300 MW hydropower plant to the Peshawar Electricity Supply Company, and the rest to the National Transmission Dispatch Company Limited.
- **Income-earning opportunities and skills for local communities increased.** During construction, the local population will benefit from job opportunities, commercial activities, and material supply. The project will generate more than 1,200 skilled and unskilled jobs for male and female workers, of which about 40% will be sourced locally.

1.3 Project LARP Description

31. Resettlement Monitoring and Evaluation is an integral part of the social safeguard requirements (Involuntary Resettlement and Indigenous Peoples), including the LAR process covering the preparation, implementation and monitoring of LARPs. This is a requirement under ADB's SPS and the corresponding loan and project agreements. The BHPP has been divided into two sections for construction purpose. Therefore, two separate LARPs (section-wise) were prepared for the entire project. The 1st sectional LARP⁴ (mouza Ghanool and Sangar) and 2nd sectional LARP⁵ (mouza Bela Sacha and Paras) were approved by ADB on July 27, 2022 and November 29, 2022, respectively. Therefore, this SASMR (internal) is prepared for both sections and all affected mouzas under the 1st and 2nd sectional LARPs. In addition to the land already acquired for the project, PIU is acquiring 15.4 kanal (1.925 acres) additional private land for slope stabilization at dam right side abutment in Mouza Bela Sacha. Acquisition of land and LAR impacts and compensation will be documented under LARP addendum, which is currently under ADB's approval. More information on the project sections, component of BHPP, mouza, acquired land affected (only) and number of DPs are summarized in Table 1.1.

1.3.1 Section-1: Mouza Ghanool and Sangar (under 1st Sectional LARP)

1.3.1.1 Mouza Ghanool

32. Based on approved 1st sectional LARP of the project, BHPP component comprises of Surge Shaft and access road to Surge Shaft in Mouza Ghanool. A land of 30.95 kanal (3.87 acres) has been acquired for the above-mentioned dam component/infrastructure under section-1. As per LARP implementation in mouza Ghanool under paid land of 21.36 Kanal (2.67 acres) (69.01%), comprise maximum 2.91 kanal (0.363 acres) (13.62%), minimum 0.03 kanal (0.00375 acres) (0.14%), and average 0.218 kanal (0.2727 acres) (1.02%) of land impacted as per paid DPs. Similarly, under unpaid land of 9.59 Kanal (1.20 acres) (30.99%), comprise maximum 2.93 kanal (0.366 acres) (30.55%), minimum 0.023 kanal (0.0028 acres) (0.24%), and average 0.15 kanal (0.019 acres) (1.56%) of land impacted as per unpaid DPs. Location map of mouza Ghanool (section-1) is in Figure 1.1.

1.3.1.2 Mouza Sangar

33. Similarly, as per approved 1st sectional LARP of the project, BHPP component comprises Access Tunnel to Cavern Powerhouse, access roads, tailrace, staff colony, and switch yard in mouza Sangar. A land of 817.45 kanal (102.18 acres) has been acquired for the above-mentioned dam component/infrastructure in mouza Sangar under section-1. As per LARP implementation in mouza Sangar under paid land of 523.58 kanal (65.45 acres) (64.1%), comprise maximum 24.30 kanal (3.04 acres) (5.37%), minimum 0.00033 kanal (0.0000413 acres) (0.000073%), and average 0.75 kanal (0.094 acres) (0.143%) of land impacted as per paid DPs. Similarly, under unpaid land of 293.87 Kanal (36.73 acres) (35.95%), comprise maximum 7.19 kanal (0.899 acres) (2.45%), minimum 0.002 kanal (0.00025 acres) (0.00068%), and average 0.28 kanal (0.035 acres) (0.095%) of land impacted as per unpaid DPs. During LARP implementation and as per revenue record, no DP was identified as squatter or unregistered user of the affected land plots. Location map of mouza Sangar (section-1) is in Figure 1.1.

1.3.2 Section-2: Mouza Bela Sacha and Paras (under 2nd Sectional LARP)

1.3.2.1 Mouza Bela Sacha

34. Based on approved 2nd sectional LARP of the project, BHPP component comprises Dam Right Side Abutment, Reservoir, Diversion/Sediment By-Pass Tunnel and Access Road to Diversion/Sediment bypass Tunnel in mouza Bela Sacha. A land of 175.575 kanal (21.947

acres) has been acquired for the above-mentioned dam component/infrastructure in mouza Bela Sacha under section-2. As per LARP implementation in mouza Bela Sacha under paid land of 132.03 kanal (16.50 acres) (75.2%), comprise maximum 12.87 kanal (1.61 acres) (9.75%), minimum 0.01 kanal (0.00125 acres) (0.008%), and average 1.03 kanal (0.129 acres) (0.780%) of land impacted as per paid DPs. Similarly, under unpaid land of 43.55 Kanal (5.44 acres) (27.80%), comprise maximum 11.37 kanal (1.42 acres) (26.11%), minimum 0.002 kanal (0.0025 acres) (0.046%), and average 1.11 kanal (0.14 acres) (2.55%) of land impacted as per unpaid DPs. During LARP implementation and as per revenue record, no DP was identified as squatter or unregistered user under the affected land plots. Location map of mouza Bela Sacha (section-2) is in Figure 1.2.

1.3.2.2 Mouza Paras

35. Similarly, based on approved 2nd sectional LARP of the project, BHPP component comprises Dam Left Side Abutment, Reservoir, Intake of Headrace Tunnel and Access Road to Dam Crest in mouza Paras. A land of 787.375 kanal (98.422 acres) has been acquired for the above-mentioned dam component/infrastructure in mouza Paras under section-2. As per LARP implementation in mouza Paras under paid land of 273.17 kanal (34.15 acres) (34.70%), comprise maximum 10.85 kanal (1.36 acres) (3.97%), minimum 0.0034 kanal (0.00043 acres) (0.00125%), and average 0.52 kanal (0.065 acres) (0.190%) of land impacted as per paid DPs. Similarly, under unpaid land of 514.205 Kanal (64.28 acres) (65.31%), comprise maximum 7.55 kanal (0.944acres) (1.47%), minimum 0.0010 kanal (0.000125 acres) (0.000178%), and average 0.46 kanal (0.058 acres) (0.089%) of land impacted as per unpaid DPs. During LARP implementation and as per revenue record, no DP was identified as squatter or unregistered user of the affected land plots. Location map of mouza Paras (section-2) is in **Figure 1.2**.

2 INTERNAL MONITORING REPORT OF LARP IMPLEMENTATION

2.1 Internal Monitoring Requirements of LARPs

36. The LARP implementation is internally monitored by the safeguard's unit in PIU and an ERM is engaged to review and validate the monitoring progress, and deliver EMRs. Internal monitoring is conducted on semi-annual basis, and this LARP implementation SASMR for the period from 1 January to 30 June 2024 of BHPP covers both sectional LARPs. Implementation of sectional LARPs began in August 2022 by the PIU and LAC, Mansehra District Revenue Office. Initially, implementation of sectional LARPs encountered delays due to frequent transfers of relevant officials in the land revenue department and engagement of revenue staff in the provincial and national level election throughout the country. Nonetheless, PIU with support from PMC consultants continued exhaustive efforts to move the compensation process while addressing the compensation cases stuck or impeded due to different administrative and legal reasons. No DPs have been physically displaced by PIU from housing so far, although many DPs left their structures after receiving full compensation from PIU. This has been confirmed by PIU's EMA in his last external SASMR of July to December 2023. However, compensation has been disbursed accordingly, and the land and non-land affected owners compensated as per provisions of the approved LARPs. This LARP SASMR (internal) for January-June 2024 shows the status of full implementation of LARP in all mouzas which is previously validated by the EMA through his 1st, 2nd, 3rd and 4th EMRs.

2.2 Objectives of the Internal Monitoring Report

37. This internal monitoring report presents the safeguards management progress achieved, and coordination and consultations to mobilize and assist the DPs for receiving compensation and redress their grievances. It summarizes the progress on following aspects:

- Delivery of compensation for assets and entitled allowances.
- Collection of DPs data and preparation of LAR record, issues and progress.
- Activities and actions for the compensation of payment to the DPs with which efforts were implemented by recording additional documentation as required under ADB's SPS 2009 guidance notes on handling compensation cases with legal and administrative impediments.
- Community consultation and information dissemination activities performed for compensation disbursement.
- Updates on recording and handling of grievances.
- Employment (skilled/ unskilled) data of DPs and local community who got opportunity in the construction work.
- Any scope changes, design changes, new and unanticipated LAR impacts and damages, if any.

2.3 Monitoring Indicators

38. Specific monitoring benchmarks are based on the approved LARP and cover the following:

- Mouza (village) wise disbursement of compensation and status of land acquisition in all affected Mouzas of BHPP.
- Information campaign and consultation with DPs.
- Status of land acquisition and payments on land compensation.
- Status of trees and structures compensation.
- Status of payment for all admissible allowances.
- Income restoration activities.
- Adherence to gender mitigation measures (complaints/grievances) in the LARP during bi-annual internal monitoring and reporting process.
- Employment opportunities.

3 INSTITUTIONAL ARRANGEMENT AT PIU FOR BHPP

3.1 LARP's Implementation and Monitoring Set-up

39. The safeguards management set-up makes the PIU responsible for timely and smooth implementation of LARP for BHPP. Under supervision of the PD, PIU staff kept a close liaison with the LAC, district land revenue offices and the DPs to facilitate processing and delivery of compensation claims to the DPs. The safeguards set-up of PIU headed by PD include Deputy Director Social & Resettlement, Deputy Director Land Acquisition, Deputy Director Health, Safety, Environment and Gender, Assistant Director Social & Resettlement and Patwaris (land record keepers) revenue. In addition, the Land Acquisition Collector/DC Mansehra from District Land Revenue Department with land revenue staff is supporting PIU/PMC in land acquisition and payment of awarded compensation under Land Acquisition Act (LAA) 1894.

3.2 Project Steering Committee

40. The Project Steering Committee comprises under the Chairmanship of Additional Chief Secretary, KP and DC Mansehra. During the reporting period, no Project Steering Committee meeting have been conducted as meetings are conducted on need basis. However, DC Mansehra, directed the revenue staff to ensure disbursement of land compensation and allowances on fast track to the unpaid DPs.

3.3 Disbursement of Allowances by LAC/ PIU

41. The LAC and PIU are responsible for payments of allowances such as severity, vulnerability, shifting allowance for house/commercial, transition, house rent, business, electricity, structure relocation, household dislocation allowances and business moving assistance. For this purpose, an allowances disbursement committee (notification in **Annexure-9**) has been constituted at the office of LAC/DC under the chairmanship of ADC along with Deputy Director Social & Resettlement and Assistant Resettlement Expert of PMC. The committee members keenly examine every single case with assistance of PIU staff in order to ascertain required information for considering any individual for a particular allowance. The LAC/PIU staff, after completing all the verifications out in the field, submit its report to the committee, and then the vouchers are accordingly signed. As soon as the committee completes its review and signs the cases, cheques are issued to the eligible DPs. The photographs of different activities are in **Annexure-13**.

3.4 Independent Valuation Study (IVS)

42. **Valuation of affected land and non-land assets by an independent valuation expert:** The ADB's Safeguard Policy Statement 2009 requires that the compensation provided to DPs should be based on full replacement costs. In order to determine if the compensation rates awarded by the LAC fulfill the requirement of replacement costs, PEDO/ PIU engaged an independent but accredited valuation expert to determine the value of affected assets considering the ADB's requirement of replacement costs and the international valuation standards. The valuation expert undertook a sample valuation study (IVS) during January-March 2023. The study determined a differential between the awarded compensation rates and the IVS rates. The IVS report and the differential has been reviewed and approved by the Provincial Cabinet of the Government of Khyber Pakhtunkhwa (GoKPK). Earlier, ADB also

reviewed the report and solicited clarifications from the expert on the valuation and the payment of differential to DPs through an addendum LARP.

43. A detailed virtual meeting and presentation including question and answer session was conducted by the IVS consultants regarding the IVS study findings and dissemination to all the GRCs members, DPs/ community members. The GRCs members and DPs/ community members expressed their satisfaction on the study findings and they requested PIU for early release of payment of differential of land compensation. The PD of BHP clarified to them that payment of differential will be paid through the Addendums of LARP-1 and 2 separately after approval of the same by ADB. The minutes of meeting/ presentation of IVS available at **Annexure-5**. The addendum of 1st sectional LARP has been submitted to ADB on June 13, 2024 for onward approval.

3.5 LARP's Addendum

44. The LARP's addendum under section-1 and 2 aims to document the additional/missing claims for eligible allowances and their validation/ verification based on the matrix of entitlements and criteria as per the approved LARPs, the additional compensation for the positive differential between the replacement cost determined by the IVS and the official rates in the approved LARPs and additional land (15.4 kanal) to be acquired at the dam site area in Mouza Bela Sacha under Section-2.

4 LARP IMPLEMENTATION PROGRESS REVIEW

4.1 LARP Implementation Progress in reporting period

45. As per approved LARPs, the compensation and admissible allowances for land and above land assets awarded under LAA 1894 was deposited in the district treasury at the disposal of LAC assigned by the Land Revenue Department in the District Mansehra for completing land acquisition process and disbursement of awarded compensation and allowances. Disbursement of land and non-land compensation awarded under the law commenced on August 2, 2022 for 1st sectional LARP, and on August 23, 2022 for 2nd sectional LARP by the LAC in the district revenue department. Similarly, all the admissible allowances mentioned below were also paid by LAC/PIU supported by PMC. The field staff of PIU and PMC thoroughly supported the revenue department staff to expedite the disbursement of compensation and allowances to the DPs. As per procedure, DPs visited the ADC Mansehra revenue office to receive compensation. The concerned Tehsildar prepared voucher for the DPs for all their due compensation for affected land and non-land assets from the respective acquaintance rolls. The same voucher was forwarded to the DC office for signing and approval. After signing, the voucher was handed over to the DPs for submission in the district account office. The district account office then prepared a cheque on account of respective DPs. Similarly, DPs then directly submitted their cheques in their respective bank accounts for

onward clearance/receiving the desired amount. Payment voucher in **Annexure-3**. The field data of the unpaid DPs of all mouzas under sections-1 and 2 are collected by PIU/PMC field staff and prepared all the requisite legal and administrative impediments of unpaid DPs.

4.2 Section and Mouza wise LARP's Implementation and Handing over of Sites

46. The PIU, in consultation with ADB project team, adopted section and mouza wise LARP implementation approach to facilitate handing over of sections/mouza for construction where implementation of LARP is completed and validated by the External Monitor in parallel with implementation of LARP in other sections/mouza. Accordingly, resources were focused to complete disbursement of compensation and document all unpaid DPs having impediments to confirm implementation of LARP. All four mouzas under sections-1 and 2 have been cleared and handed over to the contractor on validation of EMA. Under 1st sectional LARP, the 1st and 2nd EMRs for mouza Ghanool and Sangar (separately) were approved by ADB on December 23, 2022 and December 27, 2022 respectively. Under 2nd sectional LARP, the 3rd EMR for mouza Bela Sacha and Paras was approved by ADB on March 7, 2023. The latest EMR for July to December 2023 was approved by ADB on March 22, 2024.

47. The PIU and PMC staff during reporting period (January-June 2024), continued exhaustive efforts through all sources to inform and mobilize all the unpaid DPs in the affected mouzas/villages to get their compensation and allowances for their acquired land and affected trees, and resolve their issues related to land or non-land. The overall detail of disbursement of compensation and allowances of each sectional LARPs during the reporting period are presented as under.

4.3 Overall Summary of LARP Implementation in all Sections and Mouzas

48. Under the land award of section-11 of LAA 1894, acquaintance roll (DPs land/ trees/ built-up property compensation payment book) has been prepared for the entire affected land and non-land assets of each mouzas separately under sections-1 & 2 by the LAC of land revenue department of district Mansehra. According to "land award", a total of 1811.35 kanal (226.419 acres) of land (including 492.72 kanal (61.59 acres) communal land. The revenue department of Mansehra District is working on the assessment/compilation of communal land DPs and once it is completed, then the detail will be incorporated in the upcoming report. As per approved LARP under section 1, total number of land DPs has changed from the original number (1,791 to 1,874 DPs) due to inheritance mutation. Similarly, owners of trees also increased from original number (1,773 to 1,862 DPs). Nonetheless, the amount of payable compensation remains unchanged. As per approved LARP under section 2, total number of land DPs has changed from the original number (1,766 to 1,821 DPs) due to inheritance mutation. Similarly, owners of trees also increased from original number (1,575 to 1,647 DPs). Nonetheless, the amount of payable compensation remains unchanged. All the "awarded amount" compensation of land, trees, built-up property and all the requisite amount for admissible allowances has been deposited in the district treasury department of District Mansehra by PEDO. The tables 4.1 and 4.2 indicate that during the reporting period from January-June 2024, PKR 329.34 million (58.01%) of total amount of land compensation payable PKR 567.69 million has been disbursed to 1,448 (39.19 %) out of total 3,695 DPs for acquired land of 950.14 kanal (118.77 acres) (52.45%) out of total 1,811.35 kanal (226.42

acres) in all four mouzas under sections-1 & 2. Similarly, 1,163 (33.14%) out of total 3,509 DPs of trees affected received PKR 67.96(83.07%) out of total PKR 81.81 million of trees compensation. However, total number of land DPs has changed from the original number (3,557 to 3,695 DPs) due to inheritance mutation. Similarly, owners of trees also increased from original number (3,348 to 3,509 DPs) in all four villages of BHPP. Nonetheless, the amount of payable compensation remains unchanged. Moreover, affected built-up property compensation paid to 438 DPs (100%) out of total 438 DPs with PKR 1395.838 (93.12%) out of total PKR 1498.999 million in entire affected mouzas of BHPP. Additionally, based on their income analysis/investigation there is no new DP eligible for vulnerability allowance among the additional DPs due to inheritance mutation. For comparative analysis, section and mouza wise summary of compensation, disbursement for LAR impacts (land, trees and built-up property), and progress of payments achieved during reporting period (January-June 2024) are presented in Table 4.1, Table 4.2, Table 4.3 and Table 4.4.

4.3.1 Disbursement of Trees Compensation

49. In the reporting period (January-June 2024), PKR 67.96 million of total PKR 81.81 million compensation amount of fruit and non-fruit trees has been disbursed to 1,163 of total 3,509 DPs (33.14%) in entire four mouzas of the Project. However, owners of trees increased from original number (3,182 to 3,338 DPs of timber trees) and (166 to 171 DPs of fruit trees) due to inheritance mutation. The slow progress of tree compensation amount disbursement is due to non-availability of the DPs to receive the tree compensation amount. The undisbursed compensation amount is secured in the district treasury account to ensure payment as and when the DPs will show up with valid claim documents after resolving their issues. The section and mouza wise detail of awarded fruit and non-fruit trees compensation amount, number of DPs, progress of disbursement and its percentage are presented in **Table 4.3**.

4.3.2 Disbursement of Built-up Property Compensation

50. During the reporting period (January-June 2024), PKR 1,395.84 million of total PKR 1,498.99 million (93.12%) compensation amount of built-up property has been disbursed to 100% of total 438 DPs in entire mouzas of BHPP. All DPs of built-up property have been paid, and only communal and public built-up property amount is undisbursed. The undisbursed compensation amount of communal private and public built-up property is secured in the district treasury account to ensure payment as and when unpaid DPs/public department will show up with valid claim documents after completing the required documentation. As per LARPs, total of 197 graves (19 in mouza Sangar, and 178 graves in mouza Paras) are affected due to the project. The PIU has transferred all the requisite amount regarding graves management to the district treasury of district Mansehra. During the reporting period, under the DC Mansehra, already formed a committee for shifting of graves of the affected

communities, the contract has been awarded to the selected contractor for shifting of graves and the contractor working on the graves shifting from the Mouza of Sangar and soon will complete the process of shifting. Similarly, as per award notification under section-11 of LAA 1894 and physical verification by PIU and PMC, no other Masjid exists in the mouza of Sangar. The section and mouza wise category of built-up properties awarded compensation amount, number of DPs, progress of disbursement and its percentage are presented in Table 4.4.

4.3.2.1 Restoration of Built-up Property

51. According to the DPs of affected built-up property, they will restore/reconstruct by their own choice or in another parcel of their own land through the received compensation amount along with other admissible allowances of their affected structures, and also reuse the affected structure salvaged building materials. Furthermore, the project has impact on the built-up properties (public and community structures). However, the negotiation of PIU continued with the respective government departments and district administration of Mansehra and local community for the relocation of the structures.

4.3.3 Pending Payment of Land Compensation

52. The findings of the LARP SASMR (internal) revealed that left-over land payments are impeded due to the following legal and administrative impediments. The required additional documents are recorded following templates provided in the ADB's guidance note on handling of compensation cases having legal and administrative impediments in **Annexure-1**. The staff

of PIU/PMC also continue to inform the unpaid DPs through their relatives and Patwaris to come forward and receive their compensation soonest. These efforts of PIU and PMC are in accordance with ADB's guidance note. In the previous reporting period (July-December 2023), total of 2,596 unpaid DPs of land compensation were pending/impeded, while during the current reporting quarter (January-June 2024), the unpaid number of DPs decreased to 2,247 of land compensation are impeded due to various reasons. The undisbursed compensation amount for acquired land and non-land is already deposited and secured in district treasury for payment to the unpaid DPs having legal/administrative impediments as and when they will show up with valid claim documents after resolving their issues/impediments. The additional documents were recorded for unpaid DPs having impediments in all four mouzas of the project. Sample copies of impeded cases are in **Annexure-2**.

- **Stay order by civil court:** The landowners/DPs (45 DPs having PKR 7.02 million amounts identified so far) filed their reference and title disputes in the courts which have not been resolved. The compensation amount could not be paid to them until land compensation and title issues are resolved/decided by the competent revenue authorities/courts. Summary of unpaid litigating number of DPs in each mouza under sections-1 and 2 is presented in **Table 4.5**.
- **DPs working abroad:** As per LAA 1894, DPs have to submit their claims supported with valid title documents, and receive compensation voucher/cheque in person after due verification of their documents and records. The staff of PIU regularly contacted their relatives to advise the DPs to get the compensation, or issue a valid power of attorney to collect the awarded compensation amount on behalf of the unpaid DP. Currently, a total of 65 DPs (no co-owner existed) having land compensation amount PKR 10.10 million are identified as working abroad. These DPs will be paid either if they show up personally or provide a valid power of attorney. The unpaid number of DPs of each affected mouza living/working abroad is in **Table 4.5**.
- **Inheritance mutation issues:** The landowners (266 DPs amounting PKR 35.27 million so far identified) who passed away require mutation of land to the legal heirs. Payments of compensation to legal heirs will be made after mutation of land is affected by the district revenue authority. For this purpose, PIU staff thoroughly support the revenue staff and mobilize known legal heirs to speed up the mutation process for DPs. After the inheritance mutation is reflected in the land record, all heirs of deceased DPs will receive entitled compensation as per their inherited share. However, the cases of DPs with pending mutations have been documented for all mouzas of project following ADB's guidance note on handling compensation cases with legal and administrative impediments in **Annexure-1**. The number of DPs with inheritance mutation in each mouza is presented in **Table 4.5**.
- **Awarded meager⁷ compensation amount:** A total of 1,118 unpaid DPs are entitled to awarded compensation amount less than PKR 5,000. Total sum of meager compensation amount is PKR 1.44 million that have not yet been disbursed because DPs are not inclined to get valid title documents and submit claims. As procedural

⁷ Compensation amounts up to PKR 5000 is defined as meager amount. It is likely that most of the DPs in this category may lack interest in claiming compensation following prevalent payment mode under LAA 1894.

requirement, DPs have to get the land title documents from land record office, open bank accounts, and appear in person before the LAC and District Accounts Office for verification and to receive compensation vouchers and cheques. No mechanism is available to make cash compensation to DPs in the revenue department/LAC at district Mansehra. Due to cumbersome procedural requirements for receiving such a small amount of compensation, DPs are reluctant to open bank accounts as the amount required for opening a bank account is much more than the entitled compensation amount. The unpaid meager compensation amount of land, and total number of unpaid DPs of meager amount of each mouza is in **Table 4.5**.

- **Juvenile DPs (under the age of 18):** Currently, a total of 4 DPs having compensation amount PKR 7,429 are juvenile and lack CNIC in all mouzas of the project. Such juvenile DPs can be paid either through their guardian, provided guardianship certificate issued by a competent court is produced or when the juvenile DP gets his CNIC after turning 18 years old. Accordingly, statements of natural guardians will be documented in accordance with the template in ADB's guidance note. The unpaid juvenile DPs of each mouza is presented in **Table 4.5**.
- **DPs having communal land:** As per revenue record and LAR implementation, 492.72 kanal of communal land amounting to PKR 67.45 million are unpaid due to communal/joint compensation amount, and not viable to disburse among all the DPs. Under the record of revenue department, the total DPs are not yet identified, and the disbursement of compensation is possible when the exact number of DPs under this category is identified/communicated by the revenue department. Hence, it will take time to disburse as and when all the DPs are identified and are available to receive their due compensation amount from the revenue department. Additionally, the revenue department is working on the separate acquaintance roll for such DPs against communal land, which is not yet finalized. Also, the DPs of communal land having some internal family dispute filed reference/stay order from the civil court against each other. The timeline depends upon the availability of DPs, and resolving their internal family dispute.
- **DPs out of city:** As per available revenue record, 317 DPs identified having land compensation amounting to PKR 83.38 million have migrated/out of city in Pakistan for better work opportunities. Even though they all were informed by their relatives to collect their due compensation amount, they are neither showing up in person nor nominating attorneys to collect compensation on their behalf. Out of city unpaid DPs are documented, and their records are maintained as per ADB's guidance note. A summary of all mouzas are in **Table 4.5**.
- **DPs out of village:** As per revenue record, 432 DPs identified having land compensation amounting to PKR 33.68 million in all affected mouzas of the project, were unknown by their respective mouza inhabitants and revenue staff. Their whereabouts are also unknown. So, these DPs and their current residences are not known. The out of village unpaid DPs of all four mouzas are presented in **Table 4.5**.

54. The PIU is committed to complete the implementation process of LARPs in the entire project. Based on the approved LARPs' implementation progress in the reporting period, the PIU confirms that all payable DPs have been fully paid as per LARP provisions, and there is no unpaid DP left without valid legal and administrative impediments. The undisbursed compensation amount for acquired land is already deposited and secured in the district treasury. Payment will be made to the unpaid DPs (60.81%) having legal/administrative impediments as and when they will show up with valid claim documents after resolving their issues/impediments. The mouzas (villages) under sections-1 & 2 presented in gray, green and blue colors have been handed over to the contractor upon the EMA's validation of LARP implementation in 1st (December 23, 2022)⁸, 2nd (December 27, 2022)⁹ and 3rd (March 7, 2023)¹⁰ EMRs approved by ADB. Additionally, the IVS report approved by ADB and Provincial Government and LARP implementation in terms of compensation payment will run simultaneously towards the commencement of civil works and full implementation of LARP. The LARP implementation status is presented at a glance in **Table 4.7**.

55. Furthermore, the PIU confirms that unpaid compensation is secured in the district treasury, and unpaid DPs having legal/administrative impediments have been fully informed about processing and payment of their claims as and when they show up. However, all exhaustive efforts on part of the PIU and PMC will be continued till the completion of LARP implementation. Therefore, the SASMR (internal) for January-June 2024 reports full

implementation of LARP¹¹ is confirmed and validated by the EMA through his 1st, 2nd, 3rd and 4th EMRs in entire BHPP (except for gap filing measures identified by IVS, if any).

¹¹ Full implementation of LARP construe that the all payable DPs have been fully compensated, and payment of any differential amount assessed by IVS and unpaid DPs having impediments are approached and documented. The pending compensation costs are secured in the district treasury to ensure unpaid DPs having impediments are paid their entitled compensation as and when they approach after resolving their issues.

5 LARP IMPLEMENTATION MONITORING SET-UP

5.1 LARP Implementation Monitoring

57. Implementation and monitoring of LARP consistent with the project loan covenants and ADB's SPS 2009 are the key requirement to hand over the sites to the contractor and proceed with physical works. Therefore, for smooth and efficient implementation of LARPs, safeguards management is set up at the PIU, as the focal unit for LARP implementation, to (i) maintain updated LARP data about DPs with respect to compensation, entitlements and payment record; (ii) facilitate consultations with stakeholders, including DPs, project executors, and district land revenue authorities; (iii) track and monitor day-to-day implementation progress, and prepare periodic monitoring reports; and (iv) maintain a log of complaints received and redressed, and facilitate project GRCs to review and resolve the complaints.

58. Similarly, LARP implementation is also monitored externally through an EMA by PIU. The objective of resettlement monitoring is to validate implementation of LARPs, payment of compensation to DPs, and livelihood restoration support; and ensure safeguards monitoring compliance during implementation as per ADB's SPS 2009.

5.2 Exhaustive Efforts

59. Since the start of LARP implementation on August 2, 2022, the PIU of BHPP, through its safeguard's management set-up, is closely coordinating with the LAC and district land revenue offices to facilitate timely completion of land acquisition, processing and payment of compensation to the DPs, and ensure full implementation of LARPs before handing over of the sites to the contractor. Meanwhile, the safeguards team, headed by the Deputy Director Social and Resettlement, maintained close liaison with the affected persons and local communities in the project-affected villages to disclose LARP-related information, and facilitate DPs in accessing requisite valid claim documents (i.e. getting their land title documents from land revenue offices and CNIC, opening bank accounts, and processing and payment of compensation). With coordinated efforts, the land and non-land compensation has reached to a reasonably good percentage in all the four mouzas of the BHPP by the LAC's office of District Mansehra.

60. No doubt, LARP implementation is a long, time-consuming and challenging process, yet all possible exhaustive efforts to expedite the process has been taken by the concerned project staff. Based on the compensation payment progress explained in previous sections, it is perceived and confirmed that all payable DPs have been compensated for their acquired land and assets. The remaining unpaid DPs are those who have valid legal/administrative impediments. All such DPs have been approached and informed that the compensation amount has been secured in the district treasury account for payment to them as and when they will show up with valid claim documents after resolving their issues. The PIU and PMC staff monitor the progress of paid and unpaid DPs as mentioned in the respective acquaintance roll at the revenue department, and collect and use the data for monitoring purposes for each affected area. In addition, following ADB's guidance note on handling compensation cases with legal and administrative impediments in **Annexure-1**, all accessible DPs were approached and additional documents as needed have been recorded and

maintained during the monitoring period by the safeguards team of PIU and PMC. The efforts by the PIU safeguards team for information dissemination and ensuring participation of affected communities and in line government departments for smooth implementation of LARPs are summarized in the sub-sections below.

5.3 Community Consultations/Meetings

61. To expedite the LARP implementation process, PIU staff, including Deputy Director Social and Resettlement, Deputy Director Health, Safety, Environment and Gender, and Assistant Director Social and Resettlement, along with PMC staff regularly conducted consultation meetings (photographs annexed) with male and female DPs of each affected mouza of the project. During the reporting period, 28 meetings have been conducted, in which 202 male and 117 female DPs raised all their queries/concerns regarding compensation and allowances for their affected assets. Accordingly, they were all informed to receive their due compensation and allowance amount from the revenue department. Similarly, there was wide publicity through print and electronic media, announcements in local mosques (masjids), banners, and LARP information brochures distributed among the meeting participants as well as in the affected mouzas of the project.

62. **Table 5.1** shows the number of meetings along with participants in each section/mouza under BHPP.

Table 5.1: Summary of Community Consultation Meetings with DPs (January-June 2024)

2	Bela Sacha	4	19	14	33

63. The DPs' issues, concerns and the PIU/PMC's responses are in Table 5.2. Attendance sheets and consultation activity reports are in **Annexure-4**.

Table 5.2: Issues/ Concerns of DPs and Response from the project team

S. No.	Summary of Issues/ Concern	Response from the PIU/PMC
1.	Most DPs ask about the compensation amount for land, timber trees, and built-up properties as they were not agreed with DC rates. They demanded to increase at the maximum level of affected assets.	The PIU/PMC responded to each query of the DPs, and clearly communicated that they accepted the DC rates, and DPs received due compensation amount at this stage. An IVS consultant conducted assessment and approved their report by ADB, and soon will prepare the acquaintance roll by IVS/ DC office and fill the gaps (if any) in land and non-land assets compensation will be paid.
2.	Most of the DPs enquired about the employment opportunities and small contracts for locals during construction phase.	PIU/PMC replied that during construction phase all affected DPs on need basis and according to their skills level, will be employed for short/long term in the project. DPs will even develop their own capacity through the skills development program as and when established at site.

S. No.	Summary of Issues/ Concern	Response from the PIU/PMC
3.	Issue related to inheritance mutation process causing delay in paying compensation retravel.	The PIU/PMC regularly coordinated with, and requested the revenue department officials to facilitate with DPs for recording and speeding up the inheritance mutation process. However, the legal heirs of the DPs will have to submit a request for mutation, and follow the procedures under the law. The compensation payment could only be paid when legal heirs of deceased DPs can submit their claims with valid titles after inheritance mutations of land. All of the inheritance mutation cases in mouzas have been recorded according to the SPS guidance note of ADB.
4.	DPs residing out of city, out of village, and working abroad.	Most of the unpaid DPs in affected mouzas are residing out of city, and some are working abroad. All such DPs' addresses and contact numbers (if available) are gathered through village headmen/notable (malik/patwari) persons and their relatives in the mouza. But in some cases, the local community lacks address and contact numbers of those DPs who migrated a long time ago. All those DPs have been documented through the malik/patwari in all mouzas of project.

5.4 Coordination Meetings with District Revenue Officials

64. The DC Mansehra office has been regularly contacted during the reporting period for the required information and documentation. These include the disbursement of land and non-land compensation; payment of meager compensation amount; and all other issues related to DPs, including inheritance mutation, and IVS positive differential compensation, Additional land acquisition, shifting of graves and other public structures and all admissible allowances payment. A summary of meetings conducted with DC Mansehra and other district administration officials is given in Table 5.3 below.

5.5 Dissemination of LARP related Information¹²

65. In order to expedite the LARP implementation process, PIU, supported by PMC, disseminated LARP-related information to all concerned DPs which included but not limited to installation of 8 banners in public offices, such as AC/Tehsildar's offices and service delivery center in Balakot and other public places like Masjids and Jamia Masjids of affected mouzas in the project area. During the exhaustive efforts, the PIU produced information related to LARP implementation through print media i.e. local and national newspapers for public awareness to receive their compensation. Various posters and flip charts have been displayed showing salient features of BHPP. The safeguards team of PIU and PMC disseminated the LARP information brochure through community consultation meetings, and interaction with DPs at revenue department and other prominent places in each mouza. Awareness among the DPs regarding LARPs has been created through social media link available in **Annexure-7**. The PIU staff along with the revenue department staff are frequently visiting the mouzas under sections-1 and 2 for the purpose of disbursements of compensation and allowances.

6 PROJECT IMPACT ON WOMEN MOBILITY AND PRIVACY

66. During LAR implementation stage in the reporting period, there is no major impact recorded regarding women mobility and privacy in the project area due to project activities. The major activity is the information dissemination and facilitation by PIU/PMC social safeguard team to disseminate the LARP information among the affected households and communities in the affected mouzas of the project. They were also informed regarding opening bank accounts, and preparing valid CNIC for receiving compensation amount smoothly against their affected land and non-land assets. The PIU, Deputy Director Health, Safety, Environment and Gender, and Assistant Director Social and Resettlement, along with PMC staff, regularly conducted the consultation meetings with female DPs of affected mouzas of the project. During the reporting period, multiple meetings have been conducted with 117 female DPs to address all their queries/concerns regarding compensation and allowances of their affected assets. The women were also informed of their male household members to receive due compensation amount from the revenue department. The gender action plan (GAP) is being implemented in accordance with its terms under each output in the project's design and monitoring framework. Under the LARP's implementation, the compensation and allowances have been provided to the eligible female DPs. The other outputs of GAP are linked with LRP implementation through the consultant NGO. All such activities of GAP will be implemented during implementation of LRP by the consultant NGO. The consultant NGO has been mobilized since September 7, 2023 in the project area.

67. During the reporting period, there is no major impact recorded regarding gender issues, particularly regarding women in disbursing compensation and allowances. The LARP also identified the female DPs in terms of the loss of their assets. Like the male DPs, the women are also receiving their payments. The PIU and PMC are thoroughly facilitating in resolving issues related to compensation/allowances payment at the district revenue office. The field staff are regularly conducting consultation meetings with the female DPs to keep them updated about the project and their compensation payments, and addressing any issues during disbursement. Attendance sheets of the consultations are attached in **Annexure-4**.

7 LIVELIHOOD SUPPORT INTERVENTION MEASURE

7.1 Employment Opportunities

68. Under output 4 of the project's design and monitoring framework: income-earning opportunities and skills for local communities increased, relevant training facilitation support under the LRP through the consultant NGO will be provided to the DPs. Training on agriculture production, livestock rearing, beekeeping, fish farming, and linkages with microfinance institutions will be provided as per the local requirements, particularly for unemployed youth, both men and women, for relevant skills improvement/capacity building to reduce impacts on their livelihood. The consultant NGO has been mobilized since September 7, 2023 in the affected project areas. The consultant NGO will conduct another round of consultations and livelihood assessment to upgrade the draft LRP into an implementation-ready level, and implement the LRP.

69. Furthermore, as per draft LRP, it is planned that a livelihood skills development center for women will be established to cater short and long-term employment opportunities to the local affected person/DPs. The center will be established by the consultant NGO as per their approved terms of reference. The timeline for establishing the skills development center will be finalized by the NGO.

7.2 Short-Term Project-Based Employment

70. The LARP provided for employment of local laborers and members of DPs. PIU has been following up with the contractor and PMC in providing job opportunities to the locals. The information regarding employment opportunities were disseminated through consultation meetings with DPs, brochures, and through GRC members of each mouza. As per the contractor record, the contractor and consultants have employed a total of 932 persons for short-term employment (skilled and un-skilled labor), of which 595 (63.8%) are locals, including 337 DPs employed from the affected mouzas of the project. Hiring of skilled and unskilled labor from the project area is monitored by the PIU through the monthly progress reports of the contractor. The list of skilled and un-skilled employees is in **Annexure-12**. The summary of skilled and un-skilled laborers working in the project sites is in **Table 7.1**.

8 GRIEVANCE REDRESS MECHANISM AND COMPLAINTS HANDLING

71. The GRM aims to mediate conflicts, and respond to complaints related to environment and social safeguard (LARP) performance of the project. At the project level, the disbursement of compensation and allowance committee and GRCs disburse entitled allowances and redress grievances of affected communities. The field level GRCs were notified on September 15, 2022 for mouzas Ghanool and Sangar under section-1, mouza Bela Sacha (separately) under section-2 on September 26, 2022, and mouza Paras on January 12, 2023 with the following compositions. The GRC notifications are in **Annexure-10**.

72. A complaint register is maintained at site with the contractor as well as in the office of the Project Director (PIU). The placing of the complaint register at the contractor's camp is well publicized. Detailed GRM is affixed on the sign board installed at the Chief Engineer's office to guide complainants. The office of the Chief Engineer of the PMC is the first level to register and resolve the complaint if it is not addressed by the contractor. The Chief Engineer will deliver his decision within one week of registration of the case. If no understanding or amicable solution can be reached, or if the affected person does not receive a response from the Chief Engineer' offices within one week of the registry of the complaint, the affected person can appeal to the GRC in writing to the office of the Project Director PIU-BHPP. The GRC at the PIU level will address the complaint on priority, and is fully responsible to resolve the complaint.

73. **Applications/ Concerns of DPs Submitted to PIU:** As of reporting period of January-June 2024, total of 45 applications/ concern registered under GRC which were received by PIU from the affected communities, i.e., 2 applications regarding pending labour wages, 26 concern/ apprehension related to additional/missing monetary allowances, 10 applications related to internal family dispute on LARP's allowances, 1 concern regarding partial assessment of built-up property, 2 concern about demanding of business allowances, 3 applications regarding objection on the GRC members of village Paras GRC and 1 application related to damage of material mixture machine by local administration. Out of total, 43 applications/ concern have been resolved and only 2 pending applications/ concerns

unresolved due to non-availability of both parties for attending the grievance resolution meeting at GRC level. The summary of applications/ complaints tabulated under Table 8.1.

74. **Complaints of DPs Submitted to ADB’s Accountability Mechanism: Office of Special Facilitator (OSPF) and Compliance Review Panel (CRP):** Before implementation of LARP-1, OSPF received one complaint in June 2022 from the village which was related to land acquisition, valuation and compensation. However, CRP received two complaints in January 2024 regarding missing business allowance from village Bela Sacha. Parallel commencement of LARPs implementation, PIU completed an IVS that determined a differential in the awarded prices and IVS rates. The IVS differential has been approved by the provincial government for additional payments to DPs through the addendum LARPs. Similarly, CRP complainant provided additional documents to support his claims of business allowance. Based on the documents provided by the concern DPs, PIU has accepted the claims for business allowance of 2 DPs as **Annex-11** provides the complainant’s satisfaction note on PIU accepting the claim of business allowance. The summary of applications/ complaints tabulated under Table 8.1.

75. During field visits in all affected villages, PIU/PMC staff conducted additional consultations with members of GRCs on the issue of “Chullah allowance”. The GRC of Mouza Paras initially submitted applications of 279 DPs for Chulla allowance, which after thorough scrutinization by PIU and PMC and clarifications, were reduced to only 124 cases by the demands of the GRC. Similarly, in Mouza Bela Sacha, DPs initially identified as 29 but came down to only 18 by the GRC, whereas in the Mouza of Sangar, the DPs are recorded as 10. After deliberate discussion/meetings with GRC members by PIU/ PMC and based on provided documentary proof, the finalized and agreed number of eligible DPs for Chulla Allowance from each village are completed i.e., the eligible number of DPs under missing Chulla allowances from village Paras are 45, from village Bela Sacha is 1 DP and from village Sangar is also 1 DP. However, remaining DPs are mostly eligible for one-time structure relocation (255 DPs) and business allowance (25 DPs) in all 4 villages. All such DPs along with their claims and provided documents are scrutinized in accordance with the criteria in approved LARPs under section-1 and 2. The detail information of the eligible DPs under missing allowances are available in the 1st and 2nd sectional LARP’s addendum.

Annexure-1: Guidance Note on handling compensation cases with legal and administrative impediments of ADB

(Revised draft: 18 July 2016)

GUIDANCE NOTES	X	Handling Compensation Cases with Legal and Administrative Impediments
Policy Requirement	Pay compensation and provide other resettlement entitlements before physical or economic displacement. ¹	
Key Pointers	<p>1. ADB Safeguard Policy Statement (SPS2009) requires the borrower/client to ensure that no physical displacement or economic displacement will occur until (i) compensation at full replacement cost² has been paid to each displaced person (DP) for project components or sections that are ready to be constructed; (ii) other entitlements listed in the resettlement plan have been provided to DPs; and (iii) a comprehensive income and livelihood rehabilitation program, supported by an adequate budget, is in place to help DPs improve, or at least restore, their incomes and livelihoods. While compensation is required to be paid before displacement, full implementation of the LARP might take longer.³ To ensure policy compliance, specific provisions are included in the Project/Loan agreements to keep on-hold civil works until compensation payments are fully paid to the DPs.</p> <p>2. Compensation for both land and non-land assets is deemed to have been paid when the amount in cash or cheque has been provided to DPs⁴ or deposited into their bank account, or in an escrow account.⁵ Depositing the compensation in an escrow account, in lieu of providing cash or cheque to the DP is justified only when sufficient good-faith efforts and all legal requirements for contacting and notifying the DPs have been made.</p> <p>3. Pakistan's Land Acquisition Act (1894) allows the government to take possession of the acquired land once land award has been made as per LAA Section 11, and payment has been made or deposited in court as per LAA Section 31. Accordingly, the Collector is required to pay the full amount to the DP, unless (a) the DP refuses to receive the amount, (b) there is no competent person to receive the compensation, or (c) if there is a dispute as to the title to receive the compensation. Such cases may be referred to the court and the compensation amount deposited in the court.⁶ In case the DPs or their representatives did not come forward to collect their compensation, the</p>

<i>LAA requirement on compensating before displacement</i>		

¹ See Involuntary Resettlement Safeguards Policy Principle 11, ADB Safeguards Policy Statement (2009), page 17.

² SPS defines full replacement cost for land and non-land assets as based on the following elements: (i) fair market value; (ii) transaction costs; (iii) interest accrued, (iv) transitional and restoration costs; and (v) other applicable payments, if any. In case of non-land assets, depreciation of structures and other assets should not taken into account. See SR 2: Involuntary Resettlement, ADB SPS (2009), para 10.

³ See SR 2: Involuntary Resettlement, ADB SPS (2009), para 14.

⁴ Displaced persons include: (i) persons with formal legal rights to land lost in its entirety or in part; (ii) persons who lost the land they occupy in its entirety or in part who have no formal legal rights to such land, but who have claims to such lands that are recognized or recognizable under national laws, and (iii) persons who lost the land they occupy in its entirety or in part who have neither formal legal rights nor recognized or recognizable claims to such land. The borrower/client is required to provide adequate and appropriate replacement land and structures or cash compensation at full replacement cost for lost land and structures, adequate compensation for partially damaged structures, and relocation assistance, if applicable, prior to their relocation. DPs without legal rights to the affected land should be compensated for the loss of their non-land assets, and for other improvements to the land, at full replacement cost prior to their relocation provided they occupied the land or structure before the cut-off date. See SR 2: Involuntary Resettlement, ADB SPS (2009), para 7-8.

⁵ An escrow account is a separate, dedicated or trust bank account for keeping money that is the property of others. It is relevant in the case of absentee landlords whose property is acquired for a public purpose, or when there is litigation regarding the compensation amount for land acquisition. This mechanism enables payment of compensation once the legal cases were settled and ownership documents were submitted. 	<p>amount may be deposited in the Revenue Department payable to the DPs, after sufficient efforts have been made to contact and encourage DPs to appear and notifying the DPs in which treasury the deposit has been made.⁷ As per LAA Standing Order 28, the Acquiring Officer is required, to the extent possible, to pay DPs in or near the DPs' village to facilitate collection of compensation.</p> <p>4. Both the LAA (1894) and ADB SPS (2009) require that DPs are compensated before displacement but allow a mechanism for dealing with cases with legal and administrative impediments to disbursing compensation provided that sufficient good-faith efforts are demonstrated to (a) contact, notify and assist DPs, and (b) deliver compensation payments. This guidance note clarifies:</p> <ol style="list-style-type: none"> i. What are cases with legal and administrative impediments to payment of compensation to DPs? ii. What are the requirements under the LAA related to cases with legal and administrative impediments to payment of compensation to DPs?; and, iii. When can good-faith efforts be considered as sufficient and how to document that good-faith efforts have been made? <p>5. Cases with legal and administrative impediments to payment of compensation include:</p> <ol style="list-style-type: none"> i. DPs who did not accept the award due to objection to the measurement of the land or affected asset, the amount of compensation, the person to whom it is payable, or the apportionment of the compensation among the persons interested; ii. Absentee landowners (DPs living overseas or in other parts of the country), and without an authorized representative to collect compensation; iii. DPs with pending inheritance mutations; iv. DPs who are unenthusiastic to collect meager compensation amount; v. DPs who are unable to alienate the acquired asset either by being a juvenile with no legally documented guardian or due to other issues. <p>6. Non-disbursement/non-delivery of compensation due to (a) insufficient funds or delay in approval of funds; or (b) insufficient staff or resources does not justify not paying compensation to DPs before displacement. EAs/IAs have the power and responsibility to ensure that sufficient funds and staffing are available in a timely manner to undertake the required land acquisition. Similarly, non-compensation of affected non-land assets (structures) and improvements by DPs who have no formal rights to the affected land is not considered as a valid legal and administrative impediment (see footnote 4).</p> <p>7. DPs facing legal and administrative impediments could only be paid when the impediments have been resolved. In such cases, it is uncertain when DPs will receive their compensation causing untoward delay in project implementation and burden to local communities and project stakeholders. More importantly, these impediments prevent the project from assisting these DPs to enhance, or at least restore, their livelihoods and to improve the standards of living of the displaced poor and other vulnerable groups.</p> <p>8. Compensation of these DPs is beyond the control of the EA. These are mainly dependent of the actions of the DPs or ruling/decision from a third-party i.e. the court or BOR. However, good-faith efforts are needed from the EA/IA to (a) contact and notify DPs through their last known address, village heads or kins; (b) inform DPs who to</p>

<i>legal and administrative impediments</i>	contact or where to proceed to collect their compensation; and (c) advise DPs on possible actions that may help them receive their compensation.
<i>Need for sustained community outreach</i>	<p>9. It is important that the LAR management team⁸ undertakes continued community consultations and outreach to locate, assist and guide DPs with legal and administrative impediments. Documentation of the efforts by the LAR management team including multiple visits⁹ to DPs' villages, organizing village meetings, posting of notices in public places, serving notices at last known address of DPs and publishing the names of unpaid DPs in the print media is needed to demonstrate that due efforts were conducted in addressing cases with impediments to paying compensation.</p> <p>10. Some issue-specific measures to confirm DPs understanding about the availability of compensation, payment mechanism, time-lines, and DPs agreement to the commencement of works (wherever required) while the issue is being resolved can help show and validate the efforts exhausted by the EA to achieve the policy objectives and enable the decision makers to allow the construction works accordingly. For each issue, documentation requirements and recording of certification statements are discussed below. Standard templates for additional documentation are provided against each issue as and wherever required:</p>
<i>Cases with title disputes and litigation</i>	<p style="text-align: center;">i) Land Title Disputes or Litigations among the DPs or Court References Against Award</p> <p>11. When there is a dispute on the title of the affected land before a competent court of law or when DPs file references against award, compensation can only be made after the court decrees which may take years. Further, right to appeal against court's decree cannot be forfeited or denied under law which could further delay the payment. In such cases, payment of compensation in a given time frame is impossible and it would be appropriate to deposit compensation in treasury at courts disposal to make sure the DPs are paid as and when court verdict is passed. For these cases, the process provided in the succeeding paras should be followed.</p> <p>12. Immediately after identifying such cases, the EA after seeking court's permission should deposit the compensation amount in the court for payment to the DPs as and when court decides their reference or title dispute. The receipt and records for such deposits should be maintained at the EA's project office. Meanwhile, the EA through its LAR staff should liaise with the DPs to inform them about the compensation payment mechanism and compensation deposited in the treasury or the court. The EA's project office should prepare and maintain the following record:</p> <ul style="list-style-type: none"> • Database/listing and field reports on activities done to identify and screen DPs with their legal/administrative issues including nature of dispute and reference court where pending • Field reports on activities done to coordinate with the DPs for early resolution of

⁸ The LAR management team may include Land Acquisition and Resettlement Staff engaged by the EA i.e. EA's Land Management Staff, Land Acquisition Collector (deputed by BOR), Resettlement Specialists and social mobilizers either recruited by the EA or mobilized through Consultants (Safeguards Management or Construction Supervision Consultants) to support the EA in effective LAR management.

⁹ Repeated visits in three consecutive months scheduled for each village by the Land Acquisition Collector/Land Acquisition Unit of the EA to deliver compensation to unpaid DPs and identify those with legal and administrative impediments. The repeated visits should be documented showing visit schedule, information disclosure reports, list of persons met and field visit reports duly endorsed by the local community and the village headman confirming number of identified DPs with legal and administrative impediments.

(Revised draft: 18 July 2016)

<p><i>Absentee land owners</i></p>	<p>their issues and with courts for seeking permission/guidance and deposit of compensation in treasury at court's disposal.</p> <ul style="list-style-type: none"> • copy of the delivery of notices (with signed receipt) to the DPs confirming deposit of amount at court's disposal and clarifying mechanism for payment. <p>ii) Absentee Landowners (DPs Living Overseas or in Other Parts of the Country).</p> <p>13. Many rural households migrate to cities for better livelihood opportunities and standard of living. Moreover, hereditary division over time resulted in the segmentation of agricultural land parcels into unproductive units. While some families with land and assets in different parts of the country divide their land based on their places of residence, many do so without legally formalizing such settlements and getting land records updated accordingly. Some family members who have migrated overseas permanently had land in their name or retained their respective share in family-owned land as per land revenue records. Such DPs who own or have share in the land as per record but are not living in the village are termed as absentee landowners.</p> <p>14. Absentee landowners¹⁰ are also recorded as DPs. The compensation to absentee land owners could not be made until they appear before the acquiring officer for processing and payment of compensation. LAA requires that notices are delivered against each land parcel either through (a) co-sharers in the acquired land parcel, (b) DPs relatives living in the village, or (c) through the village headman. The legal requirement is to serve notices to DPs at their places of residence either through special messenger or registered post, which can only be met if the whereabouts and residence of the absentee land owners is known. An additional measure that may be considered to notify absentee land owners whose whereabouts are unknown is to publish their names in print media (National Daily News Paper).¹¹</p> <p>15. It is vital to collect information about the DP's contact details including the mailing and residential address. The following measures are proposed to contact absentee landowners and maintain record of all efforts made by the EA:</p> <ul style="list-style-type: none"> • Identify and record DPs relation in affected village or local contact person, collect information about DP's present place of residence. See template 1 below:

iii) DPs with Pending Inheritance Mutations

16. Land records are maintained by the local land revenue authorities who are responsible to enter land mutation transactions as and when reported by the landowners and update land records accordingly. Some heirs of DPs who passed away fail to get inheritance mutations recorded and get land records updated accordingly. On average, land acquisition process is completed almost in two years. During the acquisition or after land awards are announced, some DPs pass away without receiving their entitled

	<p>compensation. Although the legal heirs of the deceased DP are eligible for compensation, they could not be paid until the inheritance mutation is recorded and remaining land of deceased DP is transferred in their name.</p> <p>17. The law requires heirs of the DP to report to the local land revenue authorities about the demise of the DP and apply for the updating of the land record. Upon receipt of the application, the land revenue authorities undergo a legal process to record the inheritance mutation, update the land record reflecting the names of legal heirs and their respective shares in the land record. When it is done, the compensation can be paid to the legal heirs as per their respective share. This process normally takes three to four months. For cases where inheritance mutations are not timely reported, recording becomes more difficult and can take a longer period to complete.</p> <p>18. When it is determined that the DP has passed away, the LAR management team should approach the legal heirs to apprise them on the process for getting compensation and assist them in approaching land revenue authorities to get their inheritance mutations recorded. The LAR management team should carry-out the following activities to facilitate the mutation of inheritance and early payment of compensation to the heirs and document their efforts:</p> <ul style="list-style-type: none">• Identify all living legal heirs of the DP, visit the heirs residing in the village and guide them on the process and facilitate in inheritance mutation process:• Collect a statement from the legal heirs¹² confirming that their inheritance mutation of land is pending, acknowledging the EA's efforts to assist them, indicating awareness that funds are available for compensation delivery, and concurring that works may commence while their inheritance mutation is being processed.• Keep copies of the signed statement in the EA project office files. ¹² To the extent possible, all legal heirs living within the village should sign the Statement. If some heirs are not available to sign, the LAR management team should prepare a field report indicating who are the heirs who were not able to sign the statement and the circumstances why they were not able to sign i.e. out of the village or country, ill, etc. The LAR management team should also record the names of heirs who are out of the village or country and their last known address and advise the other heirs to relay the information to those who are away.

<p><i>DPs unable to alienate the land</i></p>	<p>iv) DPs Who are Unable to Alienate the Acquired Asset:</p> <p>19. Minors, juveniles and DPs with mental disability are not capable to alienate the acquired land under law. The law provides that compensation could be paid through legally-designated guardians or managers who can act and alienate the immovable property on behalf of the DP. In cases where the guardians are not designated by the court, the compensation is put on-hold until the minor attains the age of majority and claim compensation.</p> <p>20. It is common that children inherit their parents' immovable properties, but is kept in possession and used by adult male members of the extended family or kinship group as a joint family asset. It is not a common practice to appoint guardians following the Guardians and Wards Act of 1890. Hence, compensation of DPs with minor age is kept on hold until the DP becomes of legal age unless a valid guardian certificate is produced. Although such cases are not many, it is important to guide the adults who provide care to these DPs to approach the right forum or court for appointing a guardian under law.</p> <p>21. The LAR management team should carry-out the following activities in dealing with pending guardian's appointment and in documenting its efforts:</p> <ul style="list-style-type: none"> • Coordinate with the Living Parent or other grown up members of the household the DP is living with and guide them on the process of appointing a guardian. • Collect a certification statement from the Living Parent or other grown up member of the household the DP is living with, that i) confirms EA's efforts to notify and guide them and secure funds for compensation payment, ii) states that the appointment of guardian is pending, and iii) concurs to the commencement of civil works on the plot while the guardianship certificate is being processed. Such statement should be witnessed by the village headman and the village DPC chairman or member. See Template 4 below (to be translated to Urdu).

<p><i>DPs with meager compensation</i></p>	<p>v) DPs with Meager Compensation</p> <p>22. The compensation amount itself proves driving factor for DPs to submit their claims. In cases where small land holdings are in joint ownership with several entitled persons, shares in compensation for each DP become very small (\$100 and below). A good number¹³ of DPs fall in this category and they never show-up to collect compensation. The situation is further aggravated when such DPs also face other legal or administrative issues like pending inheritance mutations of acquired land or living overseas and other parts in the country.</p> <p>23. Although the law provides a mechanism that includes cash payment at the village or payment through money order in case of absentee land owners¹⁴, such is no longer practiced. The only available mode is payment through voucher debit-able to the treasury which requires the DP to travel repeatedly to the district/tehsil headquarter to receive their compensation, making the transportation cost higher than their compensation. This also requires that the DP has or opens a bank account.</p> <p>24. The LAR management team should explore other payment modes allowed under the LAA including cash payment or payment through money order if the DP is living out of the project area. If such unclaimed compensations are deposited at court's disposal as legal remedy, it will be of no gain because a significant number of the DPs will remain unpaid. Following actions should be taken and recorded to explore specific measures and seek guidance from BOR in this aspect.</p> <ul style="list-style-type: none"> • Define a maximum slab of amount to be termed as meager compensation and get it endorsed by the EA; • Document coordination efforts with BOR including i) official correspondence and

Summary of Key Discussions of IVS briefing

1. Project Implementation Unit (PIU) of Balakot Hydropower Project organized a hybrid meeting at PIU Balakot Office on May 17, 2024. The purpose of the meeting was to disseminate the results of the IVS report to the GRCs and community members of the affected villages. Project Director BHP welcomed the participants and invited the IVS expert to present the study findings. The meeting started at 11:00am and ended on 12:40pm. Attendance sheet of all participants is attached as annex 1 and photographs of meeting as annex 2. Summary of key discussions and views of GRC members on the IVS report are presented below:

2. The IVS consultant presented the IVS process and the valuation methodology. After collecting the already available data from the client, the consultant surveyed the field and considering the grievances of the community, they visited all the complainant's structures and the affected land. In order to consider all the issues raised by the complainants, all their structures were physically checked on site. After physical verification, data collection, proofs etc., the consultant started organizing and analyzing the data and office work as per their already set rules/policies and international standards.

3. The IVS consultant further added that in resolving the complaints regarding rates of the land and non-land assets, the consultant take into consideration the following:

- Merit of the complaints/case received for consideration
- Evidences to take a decision on the complaint
- Witness statements
- Observations made on the field

4. After explaining the procedure of the valuation work of the Balakot Hydropower Project, the consultant presented each and every village overall differential to the available GRC members as well to the other community members who were physically present for the virtual briefing in the PIU-BHPP Office. The consultant also informed the participants that the LAC adopts a traditional practice of valuation which is used by them from the past years about the land and non-land assets, however the IVS consultant uses a different way of valuation of assets which is according to international practice and a gap between the prices of the LAC and IVS is identified if any.

5. He further explained that each and every case which was given to them by the PIU-BHPP to verify in the field was 100% checked and physically visited along with the presence of the GRC members/Affectees. After the briefing, the GRC members asked questions about the differential and showed their concerns if there are some deductions from the government side in the IVS report, on which the IVS consultant replied very clearly that the approved report is the one which is formulated by them and the same was approved by ADB and later the same was approved from the Government by the PIU-BHPP, PEDO. Which means that there is no decrease or any cutting from the client PIU-BHPP.

6. In addition to the above, Mr. Ashfaq from ADB clarified "full replacement costs" in light of SPS 2009, although some participants interpreted "replacement cost" according to their own perceptions which may not be considered merely based on wish lists. ADB SPS required valuation by an expert and PEDO thankfully complied with it by engaging an accredited valuation expert to determine replacement cost. He thanked the IVS expert for explaining the valuation process to the participants in an easy-to-understand way further clarifying that the report has been reviewed by ADB and approved by the Government of KPK. Therefore, no further additions or amendments can be made to the report.

7. IVS expert also conducted a detailed due diligence of the awarded prices by crosschecking the rates with the real market value to work out any gaps in the "rates" for PEDO to consider bridging the gaps through top up payments to eligible APs. The consultant then informed all the participants that they found some gap in land rates which as per IVS is the differential and that this gap / difference can be filled by paying the differential amount which is given in the final summary.

8. After presenting the study findings and answering the questions of the GRC and community members, PD-BHP and the IVS expert asked them about their satisfaction of the valuation process. All GRC and community members thanked PIU for listening to their concerns and demands and taking them into consideration for practical solutions. They expressed satisfaction on the conduct of the study and its results. However, they requested PEDO/PIU and ADB for continued support and sympathetic approach to their concerns, even though some concerns may look childish.

Conclusion:

9. After the detailed presentation of the study findings and answering the questions of the participants, all the GRC and community members expressed their satisfaction on the study findings and they requested PIU for early release of payment of differential. The PD BHP clarified to them that payment of differential will be paid through the two "Addendums of LARP 1 and 2" after approval of the same by ADB. Payments will be made through the Land Acquisition Collector, Office of the Deputy Commissioner, Mansehra.
